Targeted Individuals - Gangstalking - Psychological Torture https://www.facebook.com/share/g/1DdTwAQJvf/

Myself Ed Donegan posting https://www.facebook.com/share/p/1Bb3wNBgDJ/

Incredible how whole population groups can be organized into large scale illegal oparations and be coheisve and even violently psychotically even screaming with froth they are in the right and faked events staged illegally. In my case part of the reason a large scale lie has been succeeding with the public is that many whistle=blowers and witnesses have been killed. I cite those deaths, but it only rages the "community members" stalking me more as the openly either spit on me about bringing that up or laugh violently at the whole concept.

I continue elsewhere on facebook: Most or some of them at the library seemed to be from homeless camps waiting for the City of Austin to assign them housing. Fishes and Loaves, Metro Ministries, and Foundation Communities all seem to overlap with Black Lives Matter, Rainbow Church, and the Methodists mostly all are left wing but it seems Catholic Charities in in it too.

My brother was Methodist and supported groups like Metro Ministries. Some of these types are part of world ministries like Soldiers For (or of I forget) Christ and various other world churches. As some have expressed it to me Hitler was a pagan and as me an Atheist I can not save children but the religous groups can and thus have and raise Donegan babies as Donegan family members including gays, non whites, and who Nazis would exclude. Ths seems to match also not only who they say they are but especially in Corpus Christ I could see the Victoria Secret type models coming into Fishes and Loaves there, the shelters, Good Samaritans shelter, Salvation Army shelter and family store, etc.,

Entirely prison felon based Urbab Alchemy in Austin abd Black Hebrew Isrealies in Austin most come from deep ghetto and were "family grow" tshirst and lewsdly cat-call and talk up pornography anywhere near me, either their women or white children being shown to me being the pornography. Again, these are both religious and they say illumatie groups and part of the "intellectual Gospel" of what Donegan's are and how Donegan's are raised in teachings.

Homeless women and lard imprisoned women make lewd comments, people at any time in my life ever would have nothing to do with are in shrieking come-ons to me in some toxic way or another, laying clothed or unclothed in homeless camps spreading their legs at me or "flashing me in some other way, often the homeless camp workers from the camp or similar backgrounds doit to to saying we are marrying each together to have children together because of how they are acting. Most acknowledge being mentally ill and say (to quote one from North Water Street these claims were "illegal animal husbandry" getting pregnant by odd and unwanted behavior towards me.

What I was leaving from Eastern District of Virginia and what I found homeless on Leopard Street Austin

In Sherrifs Detention Arlington, Virigina the Sherrifs seemed to bringing adult entertainers in to see a gullible version of me. This continued when I arrived in Texas on Leapord Street, Nueces County, Texas.

Very fat skid row homeless women one in particular neer the laundry mat she followed me in I could hear feces swishing in her garmets as she walked and smelled horribly. She was stating she worked for DHS FBI to find White Supremacists and began shouting at me. Most of these and others clainm DHS FBI support even as they attack me, kick computers out of my hands into traffic on the roadway, etc., most also say they are getting pregnant doing this, and the homeless men too. I have hundreds of photos from that time of women like her hiking tight pants up to giant camel toe and shreikng at me. Police, Fire, EMS, Constables, all sorts were behind this. I knew there was Federal Marhsall Service but in Corpus Christi I was in the Motel 8. At this time I asked what seemed to be County or Stat Marshall how this could be going on and what ties into federl marshalls existed and if these organizations the State or local verisons were driving women like her around to follow me and verbally engage with me. He stated he had no information on that program or fedreal ties of his organization.

🧭 Compass Heading Abstract: Strategic Birth Placement and Intelligence Concealment

1. **Birther Positioning:**
   I affirm the Birther hypothesis and reject the authenticity of both the Mombasa, Kenya and State of Hawaii birth certificates attributed to Barack Obama Jr.

2. **Alternative Birth Geography:**
   If CIA-linked plans involving Indonesia were active at the time of his birth, then it is plausible that Obama Jr. was born in Los Angeles County, California.

3. **Familial Intelligence Proximity:**
   My own family, with documented ties to CIA and OSS operations, resided in Los Angeles County during this period and may have been coerced or strategically positioned to support these covert plans.

4. **Operational Responsibility and Shielding:**
   While Obama Jr. may not bear full or automatic culpability, I assert that figures such as George H.W. Bush, Allen Dulles, and James Jesus Angleton were likely involved in orchestrating concealment operations—including the assassinations of JFK and RFK, the poisoning of Marilyn Monroe, and other murders linked to the suppression of McMartin Preschool and Franklin cover-ups.

5. **Symbolic and Tactical Suppression:**
   These acts of violence and manipulation were not isolated but part of a broader strategy to obscure intelligence lineage, strategic birth placement, and covert

child exploitation networks tied to CIA operations.

Befre I took my first tript to Texas ever I was at Highlander Motel and met "88"

Who is 88? The person wearing the t-shirt that has that number, a gym back with that numnber, a laundry bag with that number, a WiFi SSID with that number. And what is he like? Often a pot smoker, usually a prison felon or gang member, certianly a Child Porn addict losing control of himself when those little pretties are near, and when coached by adult educators will throw "money" at Goddess Findom white buttocks as commanded to do so. This is not me but is isuall found near me as was true in the Eastern District of Virgina as I was leaving the Eastern Distric of Verginia as the kept trying to sign me up for social services I would not sign up for. All of this followed me into Texas. As I first arrived in Texas I went into the County builing and I was told I could get housing right way dispite the evition IF I signed up for social services. I refusd and rmained homeless and they seemed to have faked my signature several times so I kept posting on Social Media my copy of the form with the signature line emphtyh and the whole sectoin of the form crossed out. They were emmpahtic and frauds though working with the Salvation Amry and First United Methodists and Catholic Charities and Good Sams Baptist church in setting up frauds. 88 Still suroundsd me today as do "Forriest Gump" allegations do.

Austin politcs and Austin Police and Austin Police Oversight. When I came to Texas I had already been Gang StaLked including in racailly abusive ways for decades. This include inside the workplace and public locations and neibgbors being moved out and repplaced, etc., Because the racial politics were so intense surrounding me I toook on sociology and advocated for individuality. I also believe the Americas should work together in peace and heritage as with all of Europe as well including Eastern Europe. What I met with in the City of Austin is a violent hatred of that mostly from its poilice services. It is akin to the situation in Los Angeles, Calfifonia or Chigaco, Illinois. THis is not so simple though. Putting Austin Police unde federal supervision means Pam Biondi and DOJ suuport. Most "Targeted" people like myself have seen any difference. While the poliics I hold have been made into Austin life the poltiis have little to do with it. Austin Police gaying it very openly to taunt me in Iron Bear gay bar or encourage immigarnts who can not speak Englisht to harrass and mock is the norm. So have been Austin Police asscioating with models who are going to visit(while under police surveillance) a fake Ed Donegan as all the police of Austin film and snopshot these models. When I came to TExas I wrote about the Era of Good Feelings that Christian oriented "THe Occident" of all of Europe and all of the Americas could and should live in peace. This has beed deemed "Patriotic Terrorism" by Austin who has a far different view opnely siding with Mexican Mafia cartels braggaing 1) about their police or FBI ties and 2) They are the worst-of-the worst prison gang members and demand respect. This is that odd Cops and Crimnals Bedefollows Joined At the Hips most other peolple have encountred as "Targeting/" I have long called for the old library the Faulk library to take responsibilyt for smearing me and APL and Austin PD too. THey continue it and I go back to what I have quoted for decades. "I have years of experience being me" said the woman to the doctor. Did this patient the doctor wonder have her haid on straght? I have years of being Ed Donegan and what Austin police and others skit out is a lie. Jen Moroe knew that too in 2018 and like myself have been unable to stop this police corruptsion.

Continuing claims of Ed Donegan that Neigborood Watch looked for and found someone with a trust fund to shake down. GangStalk covert operations seem to employ these groups and I asserted at Marshalling Yard and in prevous locations as a Color of Right Operation. As I moved by van fom Edeavors to 1015 W. William Cannon I saw Julio on a stree corner very near the new rental of mine I was moving into. His wife was saying she was starting a new job that day. He and she were part of this scheme. Julio was from Marhalling Yard Bunk 155. Nex to that were 138 and 121 that adjoined my bunk 120. These people asserted I was "The DEVIL" and spit at me, etc, and Julio was going "buy water" from me. I was certinaly not selling any. In conjuction with this a tiny framed Latin American person posed near my computer equipment belongings skitting out she was its victim. This "scenario" a fraud was supported by EMS at the Marshalling Yard and even shut down that area from computer usage as a result of "that copmputer equipment crime." I continue to assert Neighborwatch and similar organiaztion are lookig for victims to defraud and my trust fund bitter anti Trumpers of the orientation of these groups are supporting the frauds against me. Most of this is docuemted fully with witnesses supporting my allegations. For what it is worth Dention as a city and Allied Security seem to have some overlap with this.

Lifeworks has been inside the Marshalling yard with seeming plants of evidence of my misconduct and also at another time with "Sam' a black male playing up the archetype of a dangerous felon from the projects who routinely is threating in his manner and statements. He seems to possibly have a connection with Lifeworks (who was taught how to sue me) as Sam and Lifeworks workers entered into the indoors of the building togeher and in familiar ongoing converstaion as they they were fairly well aquinted.

Assertion: Maladministration of public places - when officials, contractors, or maintenance personnel misuse their authority or neglect proper procedure - can function as a mechanism supporting or concealing public corruption. When such personnel engage in misconduct such as tampering with tenant property, planting evidence, or fostering an atmosphere of guilt or suspicion, they can enable or reinforce broader patterns of unlawful governance, abuse of power, or targeted harassment.

> Maladministration becomes corruption when the misuse of administrative function serves not the public interest but the political, personal, or retaliatory interests of officials or those connected to them.

Key Mechanisms by Which Maladministration Supports Corruption:

- **1. Access-based misconduct**
  - Public employees such as maintenance workers, inspectors, or custodians often hold keys or access rights to tenants' or citizens' property within government-managed facilities.
  - If used improperly - for example, to enter without authorization, remove or damage property, or plant contraband - such acts can serve as tools of coercion or frame-ups.
  - This is particularly serious when those responsible for oversight (housing authorities, security personnel, or city administrators) are complicit or deliberately indifferent.
- **2. Administrative neglect as cover for targeting**
  - Failure to maintain security cameras, repair locks, or document entries can enable targeted abuse to occur undetected.
  - When this neglect consistently benefits certain actors or harms specific individuals, it ceases to be mere incompetence and becomes facilitative corruption.
- **3. Creation of a "cloud of guilt"**
  - By engineering circumstances - such as false maintenance records, unauthorized entry logs, or suspicious debris - officials can make an innocent person appear guilty of misconduct or untrustworthy.
  - This technique resembles psychological and reputational sabotage, where the environment itself is manipulated to implicate a target.
- **4. Policy and legal violations tolerated to protect insiders**
  - When agencies responsible for internal investigations or property management ignore evidence of tampering or refuse to document complaints, it reflects systemic collusion.

- This failure undermines rule of law and signals to other workers that abuses against disfavored persons will be tolerated.

Illustrative Examples:

- **Public housing tampering:** In some housing authorities, whistleblowers have reported maintenance staff entering apartments without notice and removing or damaging belongings of tenants involved in complaints against the administration. Such acts both intimidate and discredit tenants.
- **Evidence planting in correctional or housing facilities:** A 2016 U.S. Department of Justice investigation into the Baltimore Police Department found instances where evidence was planted or staged to justify arrests - demonstrating how administrative workers or officers can misuse official access to fabricate guilt.
- **Negligent recordkeeping enabling abuse:** Cases in public schools and municipal agencies have shown that failing to log maintenance access, key usage, or surveillance failures can enable stalking, property violations, or retaliation against internal critics without leaving a traceable record.

> When official neglect, procedural abuse, or maintenance misconduct converges with political motives or personal vendettas, the boundary between incompetence and corruption dissolves. The structure of public administration itself becomes a tool of coercion.

Conclusion:

Maladministration of public places is not a minor bureaucratic failing - it can serve as an active enabler of systemic corruption. When public employees misuse access privileges, fail to safeguard property, or tolerate rights violations, they transform administrative mechanisms into instruments of control and intimidation. Proper oversight, transparent access logs, and protection for complainants are essential to prevent such practices from becoming embedded in public governance.

Palazio:

> “The most effective predators don’t chase-they *cry*.”
> -Adapted from *The Human Equation*

> “They don’t just lie-they rehearse.”

Passing "money" around from the trust fund is based on Extortion. Extortion is based on a predicate that money is due when it is not. Palaziao has been assisting faking the truth about me (as Yellow Rose and Red Rose and other locations in Austin have) of forming a predicate I like child abuse and children. Most times I do not even recognize the little weird references to "littles" I only understand what were later and am disgusted by that stuff. But faking my interesting in those things is the predicate to extort my trust fund on false allegations.

At Palazioi a former Vegas showgirl told me she was selling or giving her eggs in gentics. She I think said she was in UUC Church but when I asked her at another time if she was a Christian she said "NO" she was a pagan. She seemed familiar with RFLP and PCR perhaps more so than me asked how they were getting my DNA if my allegations were true it was being black markeeted. She told me RFLP could not produce dna from a sample and i think we checked that on her or my cell phone. I had a similar converstaion with a blackk male in Allgood GYm in Corpus Christi who has a gym bag 88 and was checking out a red-head's buttocks. I was discussing how someone could claim they had my DNA and I suggested some type of replicator machine star treck style of DNA sequencing. Illegal access to clothes or sheets could be used to but this fraud happens in places I am not in, whole states of the USA where I am not even near so physical accesss to my DNA did not seem to be the issue.

SPO Statement. Subject Ed Donegan predicated on appearances of exploiting gym clothes wear, pubescent females in near crib clothes, etc., is a turn on for Ed Donegan now owes the object of fees for misconduct towards females. But the predicate to extort the object of the rackeeeting goals is not true.

An analogy in fiction. Law And Order Special Victims Unit - Taken Episode aired Dec 15, 2000 Plot Summary: When a young female reports a brutal rape during a hotel's grand opening, the police investigates the details of the attack to pin down their suspect, who has a prior conviction for statutory rape. Fan summary the desk

clerk at the hotel, the "outry witness" who the supposed victim cries to help for, they are all in on the fake rape. The hotel is going to be sued by these gritters for 10 million dollars for employing a rapist. And they have cantaloupes Cartier, boats, etc., Thorpe the hotel owner has insurance. When the grifters pickup the 10 mil check they are arrested on frad charges. https://youtu.be/5PyEe-sdTnI?si=-kzCQ-hrQ0TVF-GZ and https://lawandorder.fandom.com/wiki/Taken

The “special victim” is a former underage girl rapist and himself under age. At his age 17 a con team (grifters) know his background and fake a Deep Pockets civil complaint against the hotel employing him at very low wages, the brand new well financed hotel will have to pay-out because it carelessly hired him. With the detectives on the case they find the female victim was a fake, the team creating the compliant a con artist team. Stabler and his partner plead the grifters to a minor or civil charge and the grifters agree. Then Stabler and his partner arrest the grifters on serious charges right in front of the judge for felony involvement in his wrongful death in custody, attacked as a sex offender after the sex offender allegations made it around as romours during detention. After the KOMPROMAT is placed the lynch mobs are stoked by police.

📰 Media Coverage

Local outlets have covered these clubs in nightlife guides and promotional features. However, investigative reporting on deeper societal entanglements remains limited.

Usually the State will deny involvement in failing to protect a dissident but the failure of law enforcement to engate in protecting the dissident and the obvious harassment fo the dissident is still quite telling as it is occurring.

I continue to make police and press reports and requests of attorneys to assist with the harrasment and frauds I am facing.

Much of Ed Donegan research is based on Phillip Marshall research into Dick Cheney based cover up of September 11 that is the focus of The Big Bamboozle

Slander campaigns are used in MK-Ultra cover-ups along with other acts of Domestic Terrorism. Who might be enrolled into acts of criminality may depend on what criminals might have an interest in criminal actitivities abusing the target.

Life Works is one of those groups. What is being slandered of me, bullied about me, and framed is not the privacy of the bedroom (though evidence may be planted there illegally by gas-lighting) but public conduct that is perceived by the public of misuse of public places. These theatrics include Life Works coming to a homeless shelter in Austin and someone who looked like a red-head 18 ir 17 year old looking person. A black male was there with her and two females. It was some staged event that repeats itself I do not know what it is meant to mean by clearly treats me as some type of loser for some reason being addressed in some way by theses rolep players.

I asserted at Palazio rotten cabbage is being tossed at me so they can sue my trust fund for my smelling bad. I assert the Trust Fund is more the target than I am. Like me the Trust Fund is the product of my parents and their lives and that is what is being subverted and destroyed as I tell the Donegan story and my life and the trust fund at the same is being destroyed in a calculaed way. Inside adult clubs they know what I like. As I go to one or leave one staged role plays act out publicly just the opposite.

The Big Bamboozle book begins with Capt Phillip Marshall awakening to hear of the September 11 attacks and tracing the to Bush Cheney

Born in Lincoln, Nebraska, Richard Cheney grew up there and in Casper, Wyoming. He attended Yale University before earning a Bachelor of Arts and Master of Arts in political science from the University of Wyoming. He began his political career as an intern for Congressman William A. Steiger, eventually working his way into the White House during the Nixon and Ford administrations. He served as White House chief of staff from 1975 under Ford until Carter replaced him in 1977. In 1978, he was elected to the U.S. House of Representatives, and represented Wyoming's at-large congressional district from 1979 to 1989, briefly serving as House minority whip in 1989. He was appointed Secretary of Defense during the presidency of George H. W. Bush, and held the position for most of Bush's term from 1989 to 1993.

In 1968 Cheney moved to Washington, D.C., to serve as a congressional fellow, and, beginning in 1969, he worked in the administration of Pres. Richard Nixon. After leaving government service briefly in 1973, he became a deputy assistant to Pres. Gerald Ford in 1974 and his chief of staff from 1975 to 1977. In 1978 he was elected from Wyoming to the first of six terms in the United States House of Representatives, where he rose to become the Republican whip.

December 2007: A tightening contest

By early December 2007, the Democrat Party race between Hillary Clinton and Obama had tightened up, especially in the early caucus and primary states of Iowa, New Hampshire, and South Carolina. With real voting less than a month away, Clinton brought into Iowa her daughter Chelsea and a very rare campaign appearance from her 88-year-old mother Dorothy Rodham. Veteran political observers such as Bloomberg News' Al Hunt reported that "things are tense in Hillaryland these days," that the camps of Clinton and her husband were at odds, and that the campaign's "plan A" of being the dominating, inevitable, establishment candidate was at risk of failing.

On June 7, 2008, in a speech before her gathered supporters at the National Building Museum in Washington, D.C., Clinton officially announced that she was suspending her campaign and was fully endorsing Barack Obama. Clinton said:

> The way to continue our fight now to accomplish the goals for which we stand is to take our energy, our passion, our strength and do all we can to help elect Barack Obama the next President of the United States. Today, as I suspend my campaign, I congratulate him on the victory he has won and the extraordinary race he has run. I endorse him, and throw my full support behind him. And I ask all of you to join me in working as hard for Barack Obama as you have for me.

2008: James Alefantis and John Podesta hold fundraiser for Barack Obama's Presidential campaign in which James also invites John over for dinner[17]

While a COINTELPRO program has harrased her and me and even killed her and cost me my health and home and reputation the larger story (not the smear campaign) is that today's "Sooks, Hoods, and Hidden Elites" have old money connection into the Kennedy assasion and long term operatives from both parties including John Podesta, Victoria Nooland, Rod Rosentein, the Bush Family, Obama Family, and many others are tied to widespread corruption of all forms going back to Allen Dulles days and the JFK assasination an in today across the ocean into the Ukraine, contemporary wars and foreign policy, and long term CIA and MKULTRA activities that are not yet known to history.

The emails exposed a strange correspondence within the Clinton campaign staff - including one particular email that led to the conspiracy theory known as "Pizza-Gate."

Andrew Breitbart died two days after the tweet below. [Tweets show allegations of child sex slavery, etc. These also were the allegations of Jen Moore and my self Ed Donegan. Jen Moore herself was found deaad after namin Podesta and Pizzagate scandal identities. Jen Moore named via images of our home Glorian Donegan and Ed Donegan as victims of those plans.

Note this area is publicly known area of the post presidency Obama family but Jen Moore as usual does not directly name Obama as she does more often name as Cabal John Podesta, tied to Tony Podesta and Hillary Clinton who she also directly names, and she observes Podessta's Free Mason palm artwork he displays.

None of this makes Barrack Obama Jr. a suspect but it does make the subject of Barrack Obama Jr and his origins a matter of sensitivity that the Bush family and others may need to cover up with the tacit support or complicity of Barrack Obama Jr. If indeed as Jen Moore and Edward Donegan suggest this is tied to Obama origins the suspicious deaths are Micheal Hastings, Vicotoria Windsor, Breitbart, Ed Donegan being harassed, and I also add Sandy Hume Jen Moore and Marilyn Monroe along with JFK and RFK and many more.

The message is clear, "Stick your nose into this and you'll end up in the morgue." For those who don't already know, the voice you're listening to is that of Jen Moore. She was found dead a few days ago from undetermined causes in a D.C. hotel room. RIP Jen.

Three days before Scalia's death Podesta receives an email from elmendorf©teamsubjectmatter.com describing "wet works" at a pool in a "Vineyard": https://www.wikileaks.org/podesta-emails/emailid/6008 Scalia would die in his sleep three days later of of "natural causes" in his home , the Cibolo Creek Ranch Vineyard. On the 13th as the news began to break of Scalia's death, John Podesta talks with a Chris Stone from George Soros' Open Society Foundations about a replacement for Scalia: https://wikileaks.org/podesta-emails/emailid/48389

The death of Supreme Court Associate Justice Antonin Scalia on Saturday has further complicated Abigail Fisher v. University of Texas, which could decide the fate of affirmative action in college admissions. The Supreme Court will now come to a decision with only seven members, since Associate Justice Elena Kagan recused herself from the case, or delay the decision until Scalia's replacement has been appointed.

Tony Podesta, who lives two doors from the house the Obamas will rent, invites neighbors for pizza parties in his backyard, where he has a pizza oven. Several times a day, a line of parked taxis snakes down the street, its occupants drawn to the Islamic Center on the block for Muslim prayers.

As news of the Obama's housing plans became public on Wednesday, journalists and news photographers flocked to the block. "My housekeeper was a little freaked out," Podesta said.

While the Obamas still own a home in Chicago, the president said in March that his family would remain in the Washington area until Sasha, who attends the Sidwell Friends School, graduated from high school. The Obamas said this month that their older daughter Malia, who graduates from Sidwell next month, would take a gap year before enrolling at Harvard.

BOMBSHELL! Jim Garrow Reveals Career As Covert CIA Operative, Says Breitbart And Tom Clancy Murdered By Obama Administration

> Tom Clancy was working on a novel very "*Manchurian Candidate-ish*". But it was replete with fact and exposed the **Saudi Muslim plant in the White House** and the **direct funding** that went into it. Birth Certificate? Want the real one? Tom had it. Search Tom Clancy: Western Journalism | Informing Americans Who Love Freedom Clancy was killed because he was getting too close to a secret they don't want the world to know. Dr. Garrow, executive director of The Bethune Institute, states Obama had Tom Clancy killed, noting that it takes 5 days for plant toxins and most poisons to break down and leave no traces in the human body. Strangely (or not), doctors did not perform an autopsy on Clancy's body for 5 days.

When Clancy wrote The Hunt for Red October, he was met at the door by Pentagon officials and FBI agents demanding to know where he got top-secret documents. Dr. Garrow states that after the incident, the CIA "spoon fed" him classified information and scenarios to write his novels in a manner that was entertaining but contained elements of truth. Garrow says that is why Clancy was killed because he was getting too close to a secret they don't want the world to know.

Evidence supports that Andew Breitbart who was researching Barrack Obama Jr was murdered as was the Breitbart coroner and tha the Saudies did fund what is called the Birther Plot that may have involve Malcom X and plans for Saudi Arabia, Kenya, or Indonesia or the USA.

Garrow claims that up to a week ago he was a covert CIA agent, but was fired by none other than Obama himself because Garrow told the world (on Alex Jones' radio, Glenn Beck, and several conservative internet mediums) that Obama's U.S. military was purging top brass using a "litmus test" of sorts. High-ranking military

officials were being asked “Would you fire on an American citizen?”. Garrow claims that if one answered no, you would be fired.

Now a witness to Breitbart's death vanishes Follows suspicious demise of member of coroner's team

By Jerome R. Corsi https://www.wnd.com/2012/05/now-a-witness-to-breitbarts-death-disappears/

A private investigator has been unable to find the only eyewitness to the sudden death of media innovator and conservative activist.

The apparent disappearance of Christopher Lasseter, who says he saw Breitbart drop to the sidewalk in front of a restaurant, adds to the mystery surrounding Breitbart's March 1 death.

On the day the Los Angeles County coroner released Breitbart's autopsy report, a photographic technician at the coroner's office died suddenly of suspicious causes.

In addition, at the Conservative Political Action Conference in Washington, D.C., just three weeks before Breitbart's death - where he promised to unveil "damning" new video evidence of Barack Obama's radical past that would change the election - Breitbart gave WND details of his upcoming revelations.

*He claimed to WND that he had a video showing radical Weather Underground terrorist Bill Ayers and Barack Obama at Harvard*planning revolution in the United States. But the video, aired just after he died, was of Obama introducing a radical Harvard professor, and the general response was flat.

Filmmaker Steve Bannon, appointed executive chairman of the Breitbart News Network after Breitbart's death, has insisted to WND that the media mogul died of natural causes and to suggest anything else is irresponsible.

Is Obama the secret son of Malcolm X? Israel Insider 04 Novembre 2008 by Reuven Koret, Israel Insider Publisher

If Barack Hussein Obama II is Malcolm X's biological son, it would explain the mystery of why he was so generously helped by so many Arab and communist "friends in high places" long before he was a "somebody." Just as Malcolm X adopted Islam, his secret son would also need to learn its ways, and learn the ways of revolution, not just assume an Islamic name. He would need to be groomed and educated to organize the community called the United States of America.

In August I received a curious email. As a magazine that covers international politics, with a focus on Mideast affairs, Israel Insider gets more from its fair share of baseless tips and phony rumors. I ignore most and delete them unread. This one was a bit different. It came from a national security lawyer with extensive credentials and intelligence connections that checked out, and a phone number.

Israel Insider had been running a series of articles exploring the vagaries of Barack Obama's birth, and his concealed documentation, and this was the jumping off point of the email, which confirmed the claim that Obama was not born in Hawaii, that "**Mossad** are going with Mombasa" but "Proving Mombasa is not so easy, as **NSIS** in *Nairobi Kenya* [Mombassa is in Kenya] are clamming up tight, as are **MI6** in *London*, who have the original Mombasa file and full details of the birth."

MOSSAD

Mossad (UK: /ˈmɒsæd/ MOSS-ad, US: /moʊˈsɑːd/ moh-SAHD)[a] formed December 13, 1949 is the national intelligence agency of Israel. It is one of the main entities in the Israeli Intelligence Community, along with Aman (military intelligence) and Shin Bet (internal security).

Mossad is responsible for intelligence collection, covert operations, and counter-terrorism. Its director answers directly and only to the Prime Minister. Its annual budget is estimated to be around 10 billion shekels (US$2.73 billion) and it is estimated that it employs around 7,000 people directly, making it one of the world's largest espionage agencies.[1] Unlike other security bodies (such as the Israel Defense Forces or the Israel Security Agency), its purpose, objectives, roles, missions, powers or budget have not been defined in any law.

MI6

The Secret Intelligence Service (SIS), commonly known as MI6 (Military Intelligence, Section 6), is the foreign intelligence service of the United Kingdom, tasked mainly with the covert overseas collection and analysis of human intelligence in support of the UK's national security. SIS is one of the British intelligence agencies and the Chief of the Secret Intelligence Service ("C") is directly accountable to the Foreign Secretary.[3]

NSIS

National Intelligence Service (Kenya) (NIS; Swahili: Huduma ya Ujasusi ya Kitaifa) which was previously known as the National Security Intelligence Service (NSIS) is both the (national) domestic and foreign intelligence agency of Kenya. It had its origins in "Special Branch" a department of the national police that was created in 1952 under the British administration. Among other things it provided intelligence during the Mau Mau uprising.

SAUDIES

While helping Obama get into Harvard, he was representing top members of the Saudi Royal family, Saudi billionaires Abdul Aziz and Khalid al-Ibrahim, and Prince Alwaleed bin Talal, nephew if King Abdallah of Saudi Arabia. So there was, early on, a direct connection between Obama and Saudi royalty and an aggressive effort by a Saudi agent to make Obama's way in the world.

CIA

The Central Intelligence Agency (CIA; /ˌsiːˌaɪˈeɪ/), known informally as the Agency[6] and historically as the company,[7] is a civilian foreign intelligence service of the federal government of the United States, officially tasked with gathering, processing, and analyzing national security information from around the world, primarily through the use of human intelligence (HUMINT) and conducting covert action. As a principal member of the United States Intelligence Community (IC), the CIA reports to the Director of National Intelligence and is primarily focused on providing intelligence for the President and Cabinet of the United States. Following the dissolution of the Office of Strategic Services (OSS) at the end of World War II, President Harry S. Truman created the Central Intelligence Group under the direction of a Director of Central Intelligence by presidential directive on January 22, 1946,[8] and this group was transformed into the Central Intelligence Agency by implementation of the National Security Act of 1947.,

Unlike the Federal Bureau of Investigation (FBI), which is a domestic security service, the CIA has no law enforcement function and is mainly focused on overseas intelligence gathering, with only limited domestic intelligence collection.

The CIA serves as the national manager for HUMINT, coordinating activities across the IC. It also carries out covert action at the behest of the President.

It exerts foreign political influence through its paramilitary operations units, such as the Special Activities Center. The CIA was instrumental in establishing intelligence services in several countries, such as Germany's BND. It has also provided support to many foreign political groups and governments, including planning, coordinating, training, and technical support. It was involved in carrying out several regime changes, and planned assassinations of foreign leaders.

Since 2004, the CIA is organized under the Office of the Director of National Intelligence (ODNI). Despite having had some of its powers transferred to the DNI, the CIA has grown in size as a response to the September 11 attacks. In 2013, The Washington Post reported that in the fiscal year 2010, the CIA had the largest budget of all IC agencies, exceeding previous estimates.

The CIA has increasingly expanded its role, including covert paramilitary operations.[3] One of its largest divisions, the Information Operations Center (IOC), has officially shifted focus from counterterrorism to offensive cyber operations.

The agency has been the subject of many controversies, including human rights violations, domestic wiretapping, propaganda, and allegations of drug trafficking.

It was this connection to Saudi wealth that has led to Obama being dubbed the "Mansourian candidate".

The Spy Business and Boeing Bombers

"The source said that the Dunham family became involved because Stanley Dunham, Sr. was suspected of espionage. Boeing, he said, has "a 1944 security file on Stanley Dunham in connection with suspected sabotage of B-17G aircraft at their Wichita Kansas plant and the theft of B-29 blueprints, a full set of which were passed to the German Abwehr via Lisbon by June 1944. Ann Dunham appears to have been chosen as the surrogate mother in 1963 because of the family connection to German Intelligence.

How in the world would Percy Sutton know that Obama, a young man he had never met, was a "genius"? It turns out that Sutton was among the lawyers for Malcolm X.

And why would a big wheel like al-Mansour take such an interest in a drug-taking party boy from a second-rate college? While helping Obama get into Harvard, he was representing top members of the Saudi Royal family, Saudi billionaires Abdul Aziz and Khalid al-Ibrahim, and Prince Alwaleed bin Talal, nephew if King Abdallah of Saudi Arabia. So there was, early on, a direct connection between Obama and Saudi royalty and an aggressive effort by a Saudi agent to make Obama's way in the world.

Then there were the revelations about Weather Underground co-founder Bill Ayers and his wife Bernadette Dohrn - unrepentant terrorists and communists both - who helped launch Obama's political career from their home. Ayers, indeed, may well have ghost-written Obama's memoir Dreams from my Father, creating the impression that Obama was also skilled in writing as well as "community organizing."

The post noted (of Obama) striking similarities in speaking cadence and style, not to mention a bright flashing smile and a wry sense of humor.

Malcolm broke with Elijah Muhammad in large measure because the then-leader of the Nation of Islam had conducted illicit affairs and sired illegitimate children. If Malcolm himself had sired a boy, it is not something he would have wanted to advertise, or to bring along with him in his hectic and dangerous revolutionary path.

Malcolm X was marginalized even from the black leadership after he said, following the assassination of John F. Kennedy, that the "chickens had come home to roost." That term would be resurrected by Rev. Jeremiah Wright, much to Obama's chagrin, in a sermon discussing the reasons for the Islamic attacks on the United States, reasons that Obama echoed in his own post-9/11 statements, in somewhat less inflammatory terms. Malcolm himself was assassinated in 1965, reportedly by agents from the Nation of Islam.

The Bush GOP Deep State making allowances for Obama Harris illegal operations

Public Libraries in the USA including Texas

Trump is making an issue to defend Public Radio. I learned more about John Pilger and the history of the CIA in the New York Metropolitain Correctional Comoplex on a prison AM FM radio and Democracy Now on public radio special. I was so delighted with what I was hearing I told me my on the phone I wanted to give her a copy of it by MP3 for her birthday. I recall telling her I could not remember his name exactly but something to do with the Pilsbury Dough Boy like sound to it. At the same time I joked were not taking prison outings tot the Manhattan Institute a goup I had long followed much like the Hoover Institute I have followed the work of all the way through the Cold War.

The common experience of myself in others should result in defunding public lbraries instead. I blamed to the old Austin Central Public library for Stalking operation BEFORE Jen Moores death and like with McLamar Property Managament and Jim Volcecka I said limit your losses and have intent only the what you the perpetrators see as smaller crimes or preemption and not the cover-up of her murder.

My experience has been I could only use computers at 300 Cesar Street IF my back was to a cement wall to prevent pipe or other attacks to my neck or anwyhere else or tackles out of the chair. These had happened in libraries all through the USA including California, Utah, Virginia, and Texas. At the same time I felt in fear of my life my requests for epub editing software was not made available on the library computers meaning I needed my own or very awkward work-aournds taking time when time on public computer was limited and frequent data loss occurred or failures in time permitted to upload data to the cloud.

In Austin I was "blocked and bridged." Content neutrality is the constitutional require I asserted and instead it was a politicized sewage at one level and opportunist fraud against me as those who bridged my work to themselves immigrant supporters, it seems an Austin City Planner who also has a back and forth relationship with Dallas PD.

In Austin, Corpus Christi, and perhaps other states like according to Sosbee McLlanned Texas the police recruit the homeless for Gang Stalk operations. While in the Marshaling Yard in Austin the library staff were talking to a homeless peson who as attacked me repeatedly.

I have found leaving Texas is no real value since this is part of the USA a point I had made repeatedly to the AUSTIN APL Staff. As for the thug wanting a fight with me in the Marshaling Yard I continued to turn the other cheeck and let others see his conduct and ask for the help of others. There is a reason the chair in which witness speak is called The Witness Stand. It is the platform from which we hare are the victims of crime stand against the perpetrators. A s I told him and others I will document what are crimes and report them as I hae been doing.

Arbitrary power like politicians in Library corrupt absolutely and when under the control of political power serve only to protect the powerful. They were not interested in protecting my publishing and research rights, helping location a publisher for me, only copycatting, discrediting and harassing me. They made excuses about me but they were only excuses. This arbitrary power of abusing writers in the library is a contaminant in our society and the MSM is little better.

The War on Democracy https://johnpilger.com/the-war-on-democracy/

The story of the manipulation of Latin America by the United States over the past 50 years, including the real story behind the attempted overthrow of Hugo Chávez in 2002 (with English subtitles)

'The War On Democracy' (2007) was John Pilger's first for cinema. It explores the current and past relationship of Washington with Latin American countries such as Venezuela, Bolivia and Chile.

Using archive footage sourced by Michael Moore's archivist Carl Deal, the film shows how serial US intervention, overt and covert, has toppled a series of legitimate governments in the Latin American region since the 1950s. The democratically elected Chilean government of Salvador Allende, for example, was ousted by a US backed coup in 1973 and replaced by the military dictatorship of General Pinochet. Guatemala, Panama, Nicaragua, Honduras and El Salvador have all been invaded by the United States.

John Pilger interviews several ex-CIA agents who took part in secret campaigns against democratic countries in the region. He investigates the School of the Americas in the US state of Georgia, where Pinochet's torture squads were trained along with tyrants and death squad leaders in Haiti, El Salvador, Brazil and Argentina.

The film unearths the real story behind the attempted overthrow of Venezuela's President Hugo Chávez in 2002 and how the people of the barrios of Caracas rose up to force his return to power.

It also looks at the wider rise of populist governments across South America lead by indigenous leaders intent on loosening the shackles of Washington and a fairer redistribution of the continent's natural wealth.

John Pilger says: "[The film] is about the struggle of people to free themselves from a modern form of slavery". These people, he says, "describe a world not as American presidents like to see it as useful or expendable, they describe the power of courage and humanity among people with next to nothing. They reclaim noble words like democracy, freedom, liberation, justice, and in doing so they are defending the most basic human rights of all of us in a war being waged against all of us."

'The War On Democracy' was a Youngheart Entertainment, Granada and Michael Watt production. It was released in UK cinemas on 15 June 2007 and broadcast on ITV1, 20 August 2007. Directors: John Pilger and Chris Martin. Producers: Chris Martin and Wayne Young. Editor: Joe Frost. The film was made with the support of the humanitarian financier Michael Watt.

Awards: Best Documentary Award, 2008 One World Awards, London. The panel's citation read: "There are six criteria the judges are asked to use to select the winner of this award: the film's impact on public opinion, its appeal to a wide audience, its inclusion of voices from the developing world, its high journalistic or production standards, its success in conveying the impact of the actions of the world's rich on the lives of the poor and the extent to which it draws attention to possible solutions. One film met every one of these. It was the winner of the award: John Pilger's 'The War on Democracy'."

CHAPTER 5

Oswald's Friend Chapter 5 in Russ Baker's Family of Secrets

IN 1976, MORE THAN A DECADE AFTER the assassination of President John F. Kennedy, a letter arrived at the CIA, addressed to its director, the Hon. George Bush. The letter was from a desperate-sounding man in Dallas, who spoke regretfully of having been indiscreet in talking about Lee Harvey Oswald and begged Poppy for help:

> Maybe you will be able to bring a solution into the hopeless situation I find myself in. My wife and *I find ourselves surrounded by some vigilantes; our phone bugged; and we are being followed everywhere*. Either FBI is involved in this or they do not want to accept my complaints. We are driven to insanity by this situation ... I tried to write, stupidly and unsuccessfully, about Lee H. Oswald and must have angered a lot of people... Could you do something to remove this net around us? This will be my last request for help and I will not annoy you any more. :

The writer signed himself "G. de Mohrenschildt."

> *"I Am A Patsy!" My Contact With Lee Harvey Oswald, The Warren Commission, And The JFK Assassination Conspiracy* By George DeMohrenschildt
>
> *Our Man in Haiti: George de Mohrenschildt and the CIA in the Nightmare Republic* Book by Joan Mellen. *A Farewell to Justice* Book by Joan Mellen the story of Jim Garrison being subverted in the case against Clay Shaw.

Several individuals have been wrongly accused of having been the tramps possibly some of them deserve to be accused of that or something else and I specifically referred to someone like Frank Sturgis who incidentally ran afoul of the law for something else and ended up in prison Howard hunt that was falsely identified as as the person that I claimed to be you see the there's a lot of mystery surrounding the assassination I felt that my information is from a point of view that would probably if if I am believed it would lay to rest these ideas that Jack Ruby and Lee Harvey Oswald were just nuts that passed in the night and that I have felt I always felt a sympathy for Oswald (holding back tears) and I don't I just don't think that's right and he would be or his children should be stuck with that sick astigmatism that's all - Chauncey Marvin Holt interviewed near the Train-yard Observation Tower Lee Bowers Jr. was in while walking to the Wooded Fence about the Grassy Knoll

> **Preface - I Am a Patsy! "I am a patsy!"**
>
> These last words of my friend, Lee Harvey Oswald, still ring in my ears, and make me think of the terrible injustice inflicted on the memory of this supposed "assassin." -George De Mohrenschildt
>
> This is the rare manuscript of a book George De Mohrenschildt was writing at the time of his death in March 1977 - right before he was scheduled to appear before the House Committee on Assassinations. In it, De Mohrenschildt gives many details about his activities and associations, and perhaps most significantly, an insight into how he perceived his relationship with Lee Harvey Oswald.
>
> The facts and information in this manuscript differ from, and occasionally boldly contradict, statements made by DeMohrenschildt to several government agencies at the time of the assassination. While there is no longer any way to confront DeMohrenschildt with the discrepancies, the manuscript nevertheless sheds light on at least how George DeMohrenschildt, himself, viewed those facts, and how he wanted the public record to read about himself and Oswald.
>
> De Mohrenschildt, George. "*I Am a Patsy!": My Contact With Lee Harvey Oswald, The Warren Commission, and The JFK Assassination Conspiracy* (p. 7). Kindle Edition.

The CIA staff assumed the letter writer (De Mohrenschildt) to be a crank. Just to be sure, however, they asked their boss: Did he by any chance know a man named de Mohrenschildt? Bush responded by memo, seemingly self-typed: "I do know this man DeMohrenschildt. I first men [sic] him in the early 40B [sic]. He was an uncle to my Andover roommate. Later he surfaced in Dallas (50's maybe)... Then he surfaced when Oswald shot to prominence. He knew Oswald before the assassination of Pres. Kennedy. I don't recall his role in all this."

Not recall? Once again, Poppy Bush was having memory problems. And not about trivial matters. George de Mohrenschildt was not just the uncle of a roommate, but a longtime personal associate. Yet Poppy could not recall-or more precisely, claimed not to recall-the nature of de Mohrenschildt's relationship with the man believed to have assassinated the thirty-fifth president.

Writing back to his old friend, Poppy assured de Mohrenschildt that his fears were entirely unfounded. *Yet half a year later, de Mohrenschildt was dead. The cause was offcially determined to be suicide with a shotgun*. Investigators combing through de Mohrenschildt's effects came upon his tattered address book, largely full of entries made in the 1950s. Among them, though apparently eliciting no further inquiries on the part of the police, was an old entry for the current CIA director, with the Midland address where he had lived in the early days of Zapata:

BUSH, GEORGE H. W. (POPPY), 1412 W. OHIO ALSO ZAPATA PETROLEUM, MIDLAND. When Poppy told his staff that his old friend de Mohrenschildt "knew Oswald," that was an understatement. From 1962 through the spring of 1963, de Mohrenschildt was by far the principal influence on Oswald, the older man who guided every step of his life. De Mohrenschildt had helped Oswald find jobs and apartments, had taken him to meetings and social gatherings, and generally had assisted with the most minute aspects of life for Lee Oswald, his Russian wife, Marina, and their baby.

The Oltman Interviews with Whistle-blower de Mohrenschildt

The Indonesia CIA plan that de Mohrenschildt might reveal?

Willem Leonard Oltmans (addressed as William Oltmans in some English publications; 10 June 1925 - 30 September 2004) was a Dutch investigative journalist and author active in international politics.

Due to the highly critical stance he often took towards Dutch foreign policy, as of 1956, the Dutch government conspired to keep him out of work. A lengthy lawsuit (1991-2000) involving the Royal family led to the state having to pay him damages.

Early life

Oltmans was born into a wealthy family with roots in the Dutch East Indies. During the Second World War he was a member of the Dutch Resistance. "We blew up a German train," Oltmans told the Dutch daily *Reformatorisch Dagblad* in 2003. "Hitler called me a terrorist, but I saw myself as a freedom fighter."

He studied at Nyenrode Business University (1946) and Yale University (1948), without graduating. Originally intent on a career with the diplomatic corps of the foreign service, he ended up working in press offices in the Netherlands (1953-1955). He was a close confidant of both Beatrix and Gertrude Büringh Boekhoudt (24

March 1893 - 3 September 1982) who had been Crown Princess Beatrix's tutor since April 1951. He married in 1955 and worked as a freelance reporter in Rome in 1956 for *De Telegraaf* when he interviewed and befriended Indonesian president Sukarno during Sukarno's trip to Italy in 1956. This started his career as a controversial journalist which the Dutch Security Service would closely watch for many decades.

On 10 June 1958, he moved to the United States.

Convinced that a well connected and informed individual could play a decisive role in the international political arena, he assumed a pro-active part in global political developments, becoming both a news reporter and news maker.[*citation needed*]

Dutch state conspiracy

Against the will of the Dutch government, Oltmans interviewed Indonesian president Sukarno in 1956. Once he became a confidant of Sukarno and part of his inner circle he took it upon himself to convince the broader public in the Netherlands of the legitimacy of Sukarno's viewpoints. In 1957, he pleaded for the transfer of Dutch New Guinea to Indonesia while in Indonesia. He claimed to have prevented a Dutch war against Indonesia over New Guinea by sending a memo to US president. Subsequently Joseph Luns, Minister of Foreign Affairs, covertly tried everything to sabotage Oltmans' career, with considerable success: for a long time, Oltmans was forced to live off welfare. Luns, who now had become Oltmans' nemesis, called him a 'one engine mosquito'. In 1995, Oltmans published his book *My friend Sukarno*.

He fought a long lawsuit (1991-2000) against the Dutch state, which he eventually won. In 2000, a commission awarded him eight million guilders (four million dollars) in damages, after taxes. Having paid two million guilders in lawyer's fees, Oltmans bought a penthouse on a canal in Amsterdam and a Steinway piano.

CIA file

SECRET to Mr Bush from John Waller https://www.archives.gov/files/research/jfk/releases/104-10414-10152.pdf

5. Mr. Helms' 3 June 1964 memorandum for the Warren Commission on the de Mohrenschildts is attached at C. It describes the Agency's interest in obtaining reports from Mr. de Mohrenschildt in 1957 as a result of his sojourn in Yugoslavia that year. The Contact Division (now Domestic Collection Division - DCD) had its resident agent in Dallas, Mr. O. Walton Moore, contact Mr. de Mohrenschildt at that time. The history of Mr. Moore's relationship with Mr. de Mohrenschildt from 1957 to 1961 is also attached at C. As a routine matter, Mr. Moore requested traces on Mr. de Mohrenschildt. The trace results at DCD contained sufficient derogatory information to preclude further extensive contact with the de Mohrenschildts. (An OS summary on Mr. de Mohrenschildt, prepared in response to the current request, is also attached at D.)

Kennedy conspiracy

Oltmans was based in the US in the 1960s, where he worked as a reporter for Dutch TV broadcaster NOS and lobbied members of the President Kennedy's administration regarding New Guinea. On 5 April 1961, he attended a meeting with the United States National Security Advisor McGeorge Bundy at which he supported the transfer of New Guinea from the Netherlands to Indonesia which occurred on 15 August 1962, with support from the United States. Joseph Luns, who was a prominent Dutch diplomat, vehemently opposed this transfer and subsequently had Oltmans declared *persona non grata* for life.

After Kennedy was assassinated in Dallas in 1963, Oltmans interviewed the mother of accused assassin Lee Harvey Oswald, Marguerite Oswald whom he met in March 1964 at JFK Airport and was seated next to her on a flight. Further investigation led him to Oswald's acquaintance George de Mohrenschildt. On 15 October 1967, Oltmans interviewed the de Mohrenschildts for NOS which resulted in a 40-minute film that was the only full-length filmed interview of George de Mohrenschildt. However, the film, which was kept at Hilversum, disappeared in 1975.

In 1977, De Mohrenschildt agreed to disclose information to Oltmans, but disappeared from their meeting place and was found dead in Florida a few weeks later. On 3 March 1977, De Mohrenschildt and Otlmans flew to the Schiphol Airport in the Netherlands where De Mohrenschildt had left his luggage, money and keys at Oltmans home and then, a few days later, flew together to Brussels where they had a 12:30 lunch date with a Soviet diplomat with whom De Mohrenschildt conversed with in Russian and abruptly left the table but Oltmans never saw De Mohrenschildt again.

On 29 March 1977, De Mohrenschildt was found dead at his daughters home in Florida due to an apparent self-inflicted shotgun wound via the mouth. Oltmans stated that a taped recording of the event existed in which footsteps can be heard, followed by the sound of a shotgun discharging, and then footsteps heard again. L. Richards on Preyer of the House Select Committee on Assassinations investigating the assassination of Kennedy stated that De Mohrenschildt was "a crucial witness, based on the new information that he had". A few days later, Oltmans told the HSCA that de Mohrenschildt had implicated himself in the conspiracy to kill President Kennedy. And Pat S. Russell, who was De Mohrenschildt's attorney said "I definitely feel there was a conspiracy and that definitely was the opinion of George." Oltmans testified for three hours behind closed doors and told the committee that De Mohrenschildt told him he had discussed the assassination of Kennedy with Lee Harvey Oswald from A to Z. "De Mohrenschildt told me that Oswald acted at his (De Mohrenschildt's) instructions and that he knew Oswald was going to kill Kennedy," Oltmans said. Although Oltmans had given information to the Committee shortly before, De Mohrenschildt's death had released Oltmans from his promise not to divulge certain information. Oltmans revealed that De Mohrenschildt, whom he had known for ten years, had told him that there had been a conspiracy to assassinate Kennedy and that he had played a role in the conspiracy. De Mohrenschildt said that CIA and FBI personnel were involved as well.

Oltmans played the role of De Mohrenschildt in Oliver Stone's 1991 film about the assassination, *JFK*.

Robert Maheu And Guy Banister Were Concealers

Maheu was involved in the Indonesia plot staring in earnest in 1958. I think JKF and RFK wer shot over this, tied to Peter Lawford and Birther theory, Obama for Indonesia by the CIA.

The independence minded Sukarno was an Indonesian statesman, orator, revolutionary, and nationalist who was the first president of Indonesia, serving from 1945 to 1967. Sukarno was the leader of the Indonesian struggle for independence from the Dutch colonialists. Wikipedia

Suharto the dictator and love of the CIA was placed into power by the CIA starting with CIA operations in 1958. This is tied to Obama Jr history and the CIA plans for him in Indonesia.

1. May 1958 - FE Division initially contacted Director of Security and briefed him on Project. Basically, Project capitalized on President Sukarno's weakness for women, especially Caucasian. Because of our inability to get controlled asset close to him to determine his thinking and plans, and the recent apparent success of Soviets use of a woman, believed he may let down guard and become expansive in discussion of plans with a female and accept advice that he would not ordinarily accept from a man.

2. Object - Locate intelligent, attractive, emotionally stable, and trustworthy female who would accept assignment which would involve eventual intimate relationship with Sukarno.

3. January 1958 - Gave Robert Maheu assignment to locate candidate. He advised that a prominent [redacted] attorney and man about town, "[redacted]", could come up with a qualified woman. Monroe could also have been asked to create "Legend" of a family line story of Barrack Obama Jr. IF Obama Jr. were to remain in Indonesia and they needed a faked or real birth story as they were creating a variety of them. Monroe died on August 4, 1962. A final role of her was being researched as carrying the gene that runs in both the Windsor and Kutschera (and Donegan) family that is treated experimentally with amphetamines.

Spy Culture Podcast

Returning to Maheu, the following year the CIA launched *Project HARPSTAR*, again targeting Sukarno. They sought to exploit his 'weakness for Caucasian women' and got Maheu to source a suitable female. He came up with Florence Horn, a 'well to do widow', 35, who was considered 'highly intelligent and extremely attractive'. Not sure where he found her because women like that are in fairly short supply. She teamed up with a female CIA officer, under cover as her secretary. The idea was to get close to Sukarno, befriend him, maybe sleep with him, and try to ascertain his thinking and future plans.

They needed to come up with a plausible cover story, and given Florence's close association with what Maheu called 'the movie colony', he suggested they take that path. They came up with the idea of saying she was part of a location scout of Far East locations for a proposed movie version of Journey to the Center of the Earth, and put money into accounts of the Indonesian branch of 20th Century Fox in Jakarta, to provide a funding source for the operation.

In the event, Florence was unable to get close to Sukarno and gather intelligence on him, largely due to travel conflicts. But 20th Century Fox did produce a film version of Journey to the Center of the Earth, which came out in 1959.

Stalkers involved in obvious racketeering crimes might say that to me, obsessed with aspects of my life. They abusively hope for a position of power over me for use in abuse by asserting illegality from me or by provoking conflicts and fights through which they can react abusively to my defensive reactions. Part of that position of power they hope to create over me is saying I am obsessed witih underage females.

As I write elsewhere abuse includes physical impeding walking around, sexual abuse using disgusting imagery or sex noises, racial, and other malicious hostile environment and dangerous environment abuse. Stalkers are a part of criminal networks often backed by corrupt political interests. These interests bope to avoid scrutiny by illegal funding means and often that includes defrauding the Stalk Victim to fund the operation and its elements.

I also write in my books that "'money' laundering" is the systemic creation of the appearance something obtained in an a illegitimate way was obtained in a legitimate way. Abuse of Process uses legal process to appear to be above board when in fact the process are based on fabricated facts. The the Conspiracy Against A Constitutional Right (Due Process) is violate although the deceits in the legal system are concealed. Why does fraud exist? Because in many cases it works, or works for a while. I assert the motive and the operation of the fraudsters is exposed in my books and hopefully soon the press and to independent government elements who enforce the law rather than hide their motives and involvement.

It is interest the fraudsters perceive the risk of nuetral enforcers of the law too and conspire against reports to Texas DPS and other agencies including conspiring against contacts to the FBI at times.

Organized Stalks described by the stalkers themsselves as illegal involve as stampede of impeders. "**impede** verb : to interfere with or slow the progress of impeder noun a peson who impedes the activities of another." In my books I also describe trespass as a concept and privacy rights based invasions and crimes. As provocations harassers and impeders seek a fight.

In a library where Swearing is not permitted do not Curse the Damned

"Under the Radar point 5: Tactics Which Create Minimal Evidence Subversion tactics used by the FBI include many tactics from the original version of Cointelpro, and some which were further refined by East Germany's Stasi. For the most part, the tactics are all chosen because they are known to be effective forms of "no touch torture." The idea is to destroy the victim psychologically and socially and financially by forms of criminal harassment which create minimal objective evidence from the perspective of witnesses and courts.

Victims' accounts tend to be dismissed since their experiences sound like common-place occurrences - because that is indeed what they are: strangers who are rude, neighbors who are noisy, businesses which deliver bad service, drivers who cut-off the victim in traffic, pedestrians who bump them as they walk by, etc. These are things which happen to everyone. But for gang stalking victims, these things happen constantly - which becomes a form of real psychological torture, the intensity of which must be experienced to comprehend. - Appendix 20. What is Predatory COINTELPRO-MKULTRA Gang Stalking? with recommended reading by Erik T. Karson

Abusers often even frauds in heinous crimes say they are eager (and they are not lying) for you to start something with them assured they the stalkers will win any confrontation in conjunction with the other shills they are working with. The tense situations are the goal and "taking the bait" to engage with the stalker feeds the tension not the intended use of the place of public accommodation.

The stalkers will even explain to you and soon as you do touch them after they harassed you in some way that is what is needed for the next step of the Stalk team since the person reacting to abuse will be portrayed as the abuser. Sosbee ran into these problems at the library after the FBI destroyed the computers in his home, and I did as well as I was searing out statements of the frauds my attackers were conducting and transmuting to DPS Rangers and others.

Bird-Dogging smears of me, provoking fights with me, and other dirty-tricks and frauds as political violence and racketeering. There were and are a long list of them still in existence. They falsely assert a surgical interest in my criminality and upon that take on a general interest of my in depth knowledge far beyond theirs in cultural, political, and historical knowledge far beyond their own. Getting me in psych-wards for "conversations" has been part of the damge to my life this has done but among the dirty tricks they use. Provoking fights causing my evictions is another dirty trick always in use. Faking that I am buying weapons, planting nooses, seeking combat boots, am an escapee being pursued, a child molester or peeper caught in the act are all part of the dirty tricks and basis for frauds.

When corporations or other entities fear a whiste-blower or victim harassment of that whistle-blower begins.

Hey Mom I Am A Targeted Individual by Cathy Meadows

Defamation of Character

Slander can rally many people in the community, particularly financially marginalized people, young people, emotionally damaged persons, and angry middle-aged men (David Lawson, Cause Stalking: Terrorist Stalking in America) against targets. Slander is free, easy, and effective and it's the foremost tool used by the perpetrators because it fuels hatred for the target. It's virtually impossible to carry off the targeting without it. Slander can get an entire community mobilized against an individual, and induce the community to commit felonies against that person, for fun and relaxation. Kind of like what throwing Christians to the lions did for citizens in Ancient Rome. Further, it can cause psychological confusion in the target who'll worry about what's being said about him or her that's so horrific that their neighbors, co-workers, and other associates have turned against them. As an added bonus, this tactic often lowers the self esteem of targets, and damages their egos. This, along with sleep deprivation, 24/7 harassment, worry, and confusion could lead to an agonizing descent into mental illness (or at least the perpetrators of the crime hope so).

Who'd Put All This Money, Time, and Effort Into My Kid? This type of harassment is almost always done to "nobodies" because it's easier than going after someone with the resources, and connections to launch a serious counter-attack. Further, the stalkers won't go after anyone who's got a reputation for being a mean and dangerous, kick-ass, SOB, who owns a gun. For example, the perpetrators will never go after someone who has the money to hire top notch attorneys, detectives, and techies, and go fearlessly into a lawsuit against their gangstalkers, regardless of who they are.. It's always the harmless, average Joes and Janes who are the targets.

How Does This Program Get Funded?

The program is funded by whoever the target angered or frightened. Corporations and businesses that are threatened with a lawsuit, or frightened by a complaint, etc., often hand the case over to their attorneys, and their attorneys turn it over to contractors whose job it is to discredit and nullify whoever made the complaint or blew the whistle.

Sometimes these businesses and corporations are assisted by the government if it can be shown that the target is a menace to the local or national economy, or if the target made a threatening remark against the entity in in question. Complaints about targets making threats are usually blown out of proportion and sometimes they are made up altogether. The target's words are often twisted, or made up entirely. There is never an investigation, nor due process, by the government agency in question to uncover whether or not the slanderer is being accurate or is just plain lying. The target is never approached and questioned. Many targets believe that whenever they privately blew off steam about the injustices they've witnessed, prior to or after the complaint was made, had been used against them. This means, of course, that their rights to privacy were violated, and thus begins the intensifying spiral of illegal surveillance being used against them.

Slander can rally many people in the community, particularly financially marginalized people, young people, emotionally damaged persons, and angry middle-aged men (David Lawson, Cause Stalking: Terrorist Stalking in America) against targets. Slander is free, easy, and effective and it's the foremost tool used by the perpetrators because it fuels hatred for the target.

It's virtually impossible to carry off the targeting without it. Slander can get an entire community mobilized against an individual, and induce the community to commit felonies against that person, for fun and relaxation.

Kind of like what throwing Christians to the lions did for citizens in Ancient Rome. Further, it can cause psychological confusion in the target who'll worry about what's being said about him or her that's so horrific that their neighbors, co-workers, and other associates have turned against them.

As an added bonus, this tactic often lowers the self esteem of targets, and damages their egos. This, along with sleep deprivation, 24/7 harassment, worry, and confusion could lead to an agonizing descent into mental illness (or at least the perpetrators of the crime hope so).

Quite Often, fake police documents are distributed around the locality of the target that falsely describe the target as some kind of a community danger.

From what the targets themselves report, it appears that the false documentation against them usually has to do with sex crimes, theft, violence, and associations with terrorism.

Those who introduce the illegal and slanderous "offcial" documentation into the community usually show fake police badges, or something similar, to prove their point. However, law enforcement doesn't knock on doors. They simply put the stats on the internet and in 99 percent of the cases I've worked on, all accusations are criminally false.

The good new is that sometimes these kinds of attacks work against the stalkers because spreading disgusting slander, and falsified documents goes towards proving that the target is not imagining that people are out to get him or her. It's proof that someone is, and it's illegal as hell. Prison awaits those who find themselves in the cross-hairs of some of the more retaliatory targets who have resources.

Homeless and indigent people are often used to harass targets and all it takes is $5.00, a threat, a sandwich, a cheap bottle of booze, or a very small amount of their favorite drug to draw them in. In fact, because they have nothing, almost anything you give to indigent people could seduce them into committing a felony.

You may not suspect that someone who is driving a car and is dressed well is poor but think again. Many of the vehicles that the stalkers use are lent to them. Also, they may be given free haircuts, clothes from a 2nd hand store, or other goodies that the overseers got for free on Craigslist.

Sometimes people who have their own places and cars have over-extended themselves financially and will work for as little as $20.00 a day, to follow a target around, menacingly. Plus, figure in those stalkers who have been deluded into thinking that they're some kind of James Bond who are saving their communities by harassing a "dangerousperson who has done bad things" and the criminal perpetrators have themselves a free army [of "Noble Savages", punks and prison snitches, trustees, etc. helping the police now.]

The pay scale, if there is one, is very low and people who work at fast food restaurants make more. However, the stalking schedule is often flexible and many guys do it just to impress the females, and vice versa. - Cathy Meadows

Sometimes, sex is involved. Seduction is used as much as possible to get people to commit these types of felonies. Most of the time, the top stalkers just have to flirt with the recruits and offer the promise of something that's probably never going to happen.

Illegal Entry

What occurs in 99 percent of all cases is illegal entry, and gaslighting. Illegal entry is done either the good old fashioned way, with credit cards, lockpicks, etc.,

The churhgroups and others are part of a Long Con that while not admitting doing so stages events designed to harass me in my life by tripping me up into incidental collisions with body parts including feet and or whole or parts of the torso, staged appearances the children are working to expose a pedochile's actions in trap, or generate clouds of suspicions or pestering environments where they act-out is a problem for accessing public locations. Called a Noise Campaign shrieking out of control children are part of background noise often so loud or direct it forces its way into the foreground and distracts or prevents regular usage of a public space.

What Targets Say That'll Blow Your Mind (And It's All True)

[Ed Donegan will swear on this as true and has experienced every item on the list

Some of the neighbors are in on it. [and were placed there to be],	I'm being watched 24/7 everywhere I go.,
They listen to all of my conversations.,	
My phone and computer are hacked., [or attacked by water drops from balcony above my balconcy, break-ins, etc.,	
They got into my facebook account.,	I'm being stalked by dozens of people every time I I go out.,

I'm being seriously slandered and maligned., | My co-workers are being turned against me., | They're trying to make me quit my job.,

'm being dogged by helicopters, small planes, or drones., | I'm the victim of biological, or chemical, or remote weapons' attacks.,

They're making my hair fall out., | They're causing me physical mobility problems., | They're causing me dental problems.,

They're trying to turn my friends and family against me,

They're messing with my clothes and shoes (switching them out,making them larger or smaller, or doing small but noticeable vandalism, or infecting them.,

Their entering my room/home when I'm sleeping or out, regardless of locks or other preventative measures.,

Their entering my home when I'm in another part of the house.,

hey get on the roof and make noise or use weapons or changing and cutting wiring , | They hang out in my attic or basement. sometimes.,

They're vandalizing my car (in front of me)., | hey're vandalizing my home., | They're drugging me.,

They're poisoning my food. [with synergies sometimes in front of me.,

A not from Ed Donegan on this. I know I can't control what homeless person will kill me at any time nor what will be in my food I have watched being poisoned. I assume all food is poisoned but it does not matter I will die early from other food poisonings. I know in my from of heaven the perfume of burned law enforcement officials will surround me forever and it is my faith, part of it.

They're giving me diarrhea, stomach aches, headaches, infections, ear aches, scabies, etc.,

They're trying to give me cancer or some other disease., | They've destroyed my car., | They know what I'm looking at.,

They're infecting my domain with insects or vermin (rats, scabies, cockroaches, lice, other animals and parasites).,

They're using color harassment (20 small, blue of cars driving by at once, or in a row, for example).,

They're creating noise harassment and sleep deprivation. ,

They turn my cell phone or other electrical devices off and on at will., [including power to home from circuit breakeers eposed to the public, cutting TV wiring or altering it, cutting coinop laundry dial up lines to bank,]

They won't let me sleep. wall hammering window tapping, noise campaign,

They're killing/sickening my pets (Gluing them to things, having diarrhea on them, burning them, gluing them, etc.,).,

I'm under surveillance 24/7.,	They create discomfort, pain, or itchiness on my skin.,	
They cause forgetfulness, or cloudy vision, or foggy hearing.,		

Try asking questions. Often, but not always, a specific event that gets the target noticed precipitates the harassment. This kind of stalking, harassment, and surveillance very often starts within I week to 6 months after the event that caused it. The first questions you might want to ask should be along the lines of who's doing this and why? Find out if they complained at work, threatened a lawsuit, or called the cops on anyone shortly before the harassment began. Did they ask for a divorce, or threaten to call someone out on their behavior? Did they get into an argument with someone? Also, ask about if they were outspoken on social media, or anywhere else, about global warming, fossil fuels, animal rights, veganism, natural healing, equal pay, raising minimum wage, civil rights, women's rights, or if they have been outspoken against Big Oil, Corporate Farming, or Big Pharma. Sometimes the harassment begins because they have taken a political stand against something that is threatening to a person or business. Sometimes the victim simply called someone out on criminal or abusive behavior, or broke off a relationship with a significant other who is psychologically damaged. The reasons for these types of covert abuses range from the personal to the profound, and even sometimes for no apparent reason whatsoever, and by people who you'd never expect to have the ways and means to do it.

Stalker techniques like children tripping me as I run for health in Republic Square park or along the Sea Wall in Corpus Christ have left me injured and bleeding at the knee cap from falls cause by children tripping me or children making mocking exaggerations of me like repeating adult acts showing they are being trained to make a child-like mocker of me. Everyone will be defensive of a child playing and most will not know the child is acting out something related a person being stalked. Using these intermediaries as harassers is how the adults hide utilizing the role of protective parents defending the children's rights of not being accused by a psycho as the stalked person is said ti be, a paranoid psycho suspecting the the child. As I confront the parents I am nearly arrested as the police put on the gloves and get out the handcuffs. In some situations I have ended up arrested and in psych-wards in others cases the police have modified or stood down from plans to arrest me. Such was the case at Republic Square Park, the police left that scene upon my explanation the child had chased across the lawn and intercepted me hitting me feet as I was already trying to avoid the collision. At Austin Rec Center near the capitol building I was explaining to the police I was busily confronting a dangerous situation with known aggressors others had already reported. The black male police officer was somewhat sympathetic to the situation the Hispanic male police officer seemed to have planned from before he got there to blame me for the incident. I was banned from that rec center but not others.

A likely suspect to defraud me in a way that slanders me.

Photos of the political base of Mark Gonzales

I assert these people were allied with Kamala and Maya Harris, John Podesta. In addition Podesta (who Jen Moore named with Maya Harris and Kamala Harris) is tied to the "wetdivision" hit on Justice Scalia. All of these Obama coalition person like Foval and Creamer seemed to have support from William Burns himself from a CIA DOD cold war family. The GOP has offered no resistance to these activities and the "conspiracy of silence" remains.

I Edward Paul Donegan assert he was in a money-laundering and racketeerign ring still in place today. This ring sabotaged my life with untrue slander (some have been convinced it is true) and use the slander to sabotage me., This sabotage operates in tandem with retaliation such as evictions and black-list of me over the charges, and the demands of compensating victims the slanderous allegations allege. I consider this similar to the ring in Arkansas. Goodwill Industries and others gain from seized assets and have according to records and statements wanted eggs from my mother sperm from me. All of this is illegal (my mother's body was donated to science at her request) but few things could be this illegal. The scheme uses me for a "mark" of fraudulent allegations that are part of a racketeering protection racket run by police and police aligned criminals.

C:\Users\eddonegan\OneDrive\Documents\AlistBooks\Book Internals\TedGundersonByEdDonegan\OEBPS\Text\ItreadThiswebsiteisclearlytheworkofa.html:1385: His own site was SelectQuoteReview. It was placed and operated by Tom Dunham (a guy who is much sharper than Ed Donegan himself and whom should be taken seriously) and the site complained his employer Select Quote was acting in an orchestrated way (office mob gossip circle) to frame him and myself as part of a pedophilia-like ring, one that did not exist.

A "retarded" Edward Paul Donegan who needs a Trust Fund run for him (and I hear quite a lot from people about how retarded I am in comparison to the clear genius of those insulting me) Edward Paul Donegan (or rather his sock puppet) is harming others and the trust needs to pay out to those others.

This is positioning me in a racketeering enterprise and that enterprise defrauding the Donegan trust.

Racketeering often breaks down in to three or so roles though more crimes can be involved. First some phony claim is made against an asset the criminal wish. That claim is usually process through a Racketeering Influenced accounting fraud. That was ARC of Nova. Finally corrupt accounting conceals the phony claim was paid out hiding the processing of the bogus claim. Finally a fourth element is killing whistle-blowers one was Jen Moore an insdider to the operation and possibly killing Jessica Aber who may also have been an insider to the operation.

Mark Gonzales is a Concealer and probably murderer of Jen Moore

GreatTreason/MarkGonzalesIsAConcealer.html is a chapter I name him as a frame-up artist who was recruited or placed as a COINTELPRO elements of smears and harassment of me. It is a bit of a time trip the with a crux of 2018 and the murder of Jen Moore, Stay and Play Monterey Bay, and now in 2019 my attempts to explain it all. The crux point in 2018 is that through my familiy and McMartin School Los Angeles County Manhattan Beach CIty are tied to the Kennedy assassination. Constant attempts in 2018 were needed then and going forward to now July 10, 2025 in order to prevent the revalaion of what happened in 1926 and 1961 and 1963. Jen Moore and I understand the sladner and frame of me is harrassment of me and her tied to that. Ted Gunderson could also understand that.

At times Mark Gonzales will seem a Homegrown crime boss running a corrupt Mexican border-town area county government in the USA.

But he is a part of Kingpin level COINTELPRO MKULTRA Cartel designed at knowingly stopping my book on my family history, using City of Corpus Christi Police to plant evidence, cross-wire buildings, utilities, rental receipt frauds, fake findings on obvious arsons, conduct death threats through street people police assets with the police watching, etc., and conduct all this and other Racketeering Influenced Criminal Activity in intelligent force field.

ARCPrinceGeorge.jpg is Tia Mareslli of ARC of Nova speaking at Washington D.C. area Prince George County planning to help very low income families. I believe part of her plan with Search For Truth veteran's ministry in Corpus Chrisit was to use lawfare against my trust fund on fabricated cases though she was not open about that. Theses were what the press will not but Project Veritas did talk about Democracy Partners perhaps including Rainbow Church (Metro Minstries) or some in it, UUC, or other groups.

I complained to Tia Marselli and others at ARC of NOVA (who were anti-TRump'ers and likely Democracy Partners DP) that Mark Gonazles was a thug in office and the minority/immigrant population were laughing at me over what was not true along the Sea Wall - laughing all the way to the bank that I owed them because their tots were in bikinis, etc., obviously my ideal sexual partner I covertly was photographing. Gonzales3.webp is such a party of happy supporters of Gonzales and his civil rights work against White Supremacism. HispanicAssailantofMeLateApril2024.jpg is a picture of a Hispanic male with a shirt depicting a Mexican flag and punching a white person and this person was following me. ag.jpg is a Hispanic female speaking spanish and another stalker with items in the background written in Spanish. He fliipped the pitcure horizontally so it was not so obious but when corrected the Spanish is more legible. Most of these people admit to being frauds but remain gleefull. I have opposed DEI most of my life in faover of individual liberty and individual (not class based) rights. I assert the discrimination allegation are based in causal

factors improperly explained. Uneven test reuslt reflect what few argue. Gaps around the world in IQ do exist, may be closing but at what rate, and what component is nurture or nature. Some diseas rates vary by racial group and IQ does too. These theories of test variations are with the law to discuss poltiically. They did not think so and made me a gang member "on the run. SeaWankpg.jpg is an exmaple of me out for a job and role players staging I am taking pictures when it is them doing so.

If you look up as I did at least when I did it the person Truntman was claing to be was an F-22 Fighter Pilot of the Air National Gaurd. That ID though was of a white person also on-line. Cathy Meadows states that for illegal and very sketchy covert operations role players will pretend to be police and sometimes they are but also sometimes rather than recruiting a role player from a place like an air national gaurd they will just steal the ID of one.

Some church groups joined in the DHS harrassment campaing slandering me and extorting me and this was the crime ring under Color of Law now being covered up.? MotherAndDoppleAndTot.jpg is an example of me having lunch in the fast food restaurant. A dopple of me working WITH a hispanic family in a fraud stage their daughter in gym shorts being filmed. THey catch the filmer who is the booth adjoing mine thus have the same angle of view I had. The thugs begin threats to me for having "done it again" resulting in a conflict and police call. I had nothing to to with this but it was staged I did. There is large amounts of this in my lawsuits, my books, various archives, and the archives of others also asserting what I am asserting. Staged fabricated events.

Corpus Christi PD 911030057 AND the related police incident response to that Burger King scene what the break-in to my apartment was over

I show I was in that adjoining 1001 N. Water St apt 46 showing this was a slander campaign tied to MK-Ultra but the following break-in occured as I was document this was all a fraud and I had evidence it was a fraud.

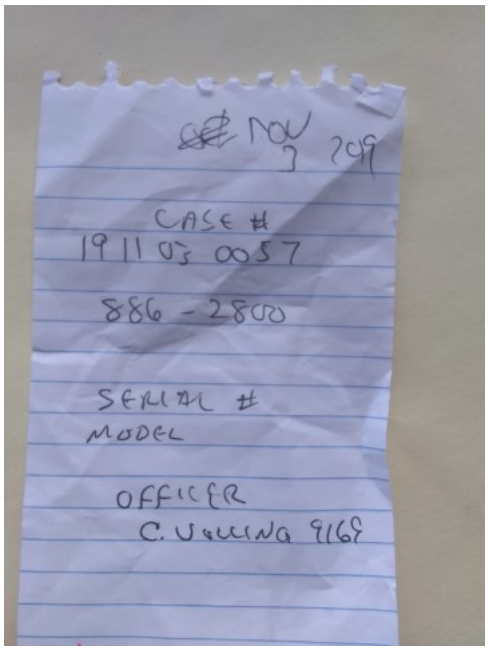
CCPD Case 1911 03 0057

Agency: CCPD Incident/Investigation Report Case Number: 1911030057 Narrative Date: 11/20/2019 10:26:25 On 11/3/2019 at approximately 1217Hrs I, Officer C. Volling 9169 and Officer V. Gutierrez working D255 were dispatched to a burglary in progress at 1001 NW ATER ST CC NUECS,46: @PRINCESS APARTMENTS.

Upon arrival we saw located an open exit stairwell door on the 2nd floor so we made entry into the building that route. We blocked the entrance door with out patrol unit.

Stairwell was clear and we made contact with resident at apt 46. (VI)Donegan,Edward advised subject was wearing dark clothing and may have been a black male. Edward advised that he usually locks his door, but may have left it unlocked. Edward advised he had been sleeping in his bed when he heard a crashing noise in the living room and saw the suspect canying his Viseo 32 inch television out the door. Edward said the subject went down the hall, but he did not see where too.

Edward advised that he did not give anyone permission to enter his apartment, and remove any property from the residence Edward conducted an inventory of the room and found stolen: Viseo 32 inch black television value $150 Dell laptop black in color value $200 Total theft value $350.ID was requested to the scene to process. -End Narrative



What I Ed Donegan knew to be true is the some psychos on the last unit on my side of the 4th floor near the elevator were being suspicious always, bragged about the H-E-B familly and how much power they held in Corpus Christi. I suspect the occupants of that apartment may have had a role.

The real story of the theft of my PC and TV I was about to watch The King's Speech on was clear to Officer 9169. As I gained the Corpus Christ PD records and as a SECOND TEAM showed up at my house, the obvious facts of the theft of my PC and TV by "Alias Crackhead in Unit [labeled as] 45" was altered to fit a corrupt government narrative.

The obviously altered false narrative report came directly out of the CCPD building where it was handed to me and in a cases the false arrests in Austin, etc., depend on police manufactured pretexts such as theft of my wallet, or other times, keys, etc., ore manufacture of cessation of SSDI or job income in order to position me into unneeded and abusive conservancy hostile to me needs, property and rights but subsuming that into a State run racket.

Reports are that Mark Gonzales is sexually addicted to white dominatrices and also the he and his family members are benefiting from the money laundering racket.

In Coprus Christ Texas I decided to watch The Kings Speech movie I checked out from the library. My mother and I saw that together and we talked a lot about War War II and this event afterward and during our lives. We would go to a movie at Shirlington, any other place, have dinner, and do a few things out.

The original police call seemed pretty clear a nut job crackhead from unit #45 (D`Andra Trevino) had stolen it and was installing it in Unit 45, 4th Floor where sometimes they claim I am in. The subsequent police calls and police reports were simply re written that the theft in someway involved my sliding patio door to the other side of the living room, which it did not. I heard the thief come into the Kitchen hall doorway area and as I entered the living room I saw the thief in my living room and leaving through the hallway door.

I am writing about public corruption and their thugs hinder me. Robyn Lee Gritz Austin, TX an FBI Special Agent for anti terror was fired from the FBI on an excuse, is having her financial services and income dry-up, sometimes simply froze for no reason. She defense Jen Moore, considers the death of Jen Moore suspicious, but has lost her voice inside the FBI and even outside the FBI. It was Gonzales back then and maybe today still using Dominas to catch Ed who isn't Ed but Gonzales works with them on the case anyway of "pizza that Ed was quoted as asking for.

Jen Moore asserted (and she was correct that Mark Gonzales was the latest recruit along with ARC of Northern Viginia (and it seems H-E-B and Gold's and Omni) to be part of a "ring" of fraud and money laundering and racketeering.

The deaths of Jessica Aber and Jen Moore and break-ins as I document a corruption ring operating

Jen Moore herself was an insider to the corrupt operation with files on going back to McMartin Preschool I was in and studies done upon in chhildhoold about how I handle being traumatized and as as adult how I might over-react or be paralized by trauma if inflicted on me. Because the scheme uses illegal police operation that follow "a fake" or "puppet of or sock puppet used online if you will to an adult entertainer then the real Ed Donegan could be slandered and blackmailed by eager participants to generate damaged allegations against me, Edward Paul Donegan. Black marking of DNA is the fuel the illegal program runs on.

All three were described on my laptop I was writing on that being Mark Gonzales and the Nueces prosecutor's office connections, the ARC of Northern Virginia, and Gold's Gym and Omini the actual sites these scheme used for staged events.

ARC of Nova has hindered me web dev expenses as I write about their criminality and ARC of Nova has worked against me getting housing. They have promoted the Gang Stalk of role-playes faking I am a person toxix to others and therefore has to pay out to others like the retarded, those with no trust funds but are retarded, etc., In a lawsuit I accused the ARC of NoVA and Social services to in effect make a Master Trust out of my trust. My trust was just for one person me. A Master Turst can pay out to say all retarded people in a county and might be funded by a corporate or charity. While ARC of NOVA is a charity with feduciary and SEC regulation requiremtns it does not have its own assets for a master trust but fraud against my trust in affect does that.

Three Witnesses

Three Witnesses is one of the files I filed in a court action with MacMalamar "G:\My Drive\Public\MacResp;onse\THe 3 Witnesses\3Witnesses.html"

Tom Dunham Ed Donegan and Jen Moore assert a fake teen call girl ring is operating but only to frame us. Jen Moore asserts the operations pays fake allegations made against Ed Donegan Glorian Donegan when a Gullible confesses (in the identity of Ed Donegan) to harming minors, then, after law enforcement confrontation, the adult sex worker gives lessons in adult sexual anatomy. A smear campaign in offices and elsehwere uses Tom Dunham and my own identity as the perp.

> Around the time a woman was breaking into my apartment, various allusions to this event were made at SelectQuote Insurance.
>
> The method of entry suggests theatrics were planned from the get go. The keys left hanging on my window didn't open anything, but were probably there to suggest that they opened my door. The woman probably had a master key, but conceivably could have picked the lock while pretending to use the keys as well.
>
> I was given a fake rock for hiding keys while on the job at SelectQuote around this time. Just out of the blue. I was also warned to change my locks before my then estranged wife got back into town. Which was exactly when the break-in took place.

From SelectQuote to my Neighborhood - SelectQuote Review

Note that someone identifying himslef as Tom Dunham is around makes a statement to Tom Dunham implicating Tom Dunham in the fake set of keys likely for a young call girl. At BAL statements are made to and around me trying to implicate me yet I am trying to document all this and report it. Tom Dunham and I are being framed by the police. Note also possible land-lord involvement.

The fake keys drop outside Anonymous Unit 2 of Casa Linda in a blue paint paint can in a building far away from mine but a person says to me are the keys ready for me as if I had anything to do with it, I did not..

MacFakeKeyDrop.jpg is something strewn about to be seen by all. A key drop was placed near a hole in the fence near a high school. A police Neighborhood Watch watched an apartment not mine but was similar to mine in other ways. The dissimilarity was that this mock-up apartment was an inferior minded childish man peeping at teens via damaged blinds or curtains. Hoping to create confusion this peeper had removed the apartment number from the outside wall. I assert in a fire in this building hid a murder victim in the bathtub with multiple types of evidence to that affect some I preserved some i did not.

The Gullible a retarded person needing retardation services is chased to an ampartment not mine and he is not me but confronted as a pedophile he pays up, avoids arrest that way and is provided adult sex workers.

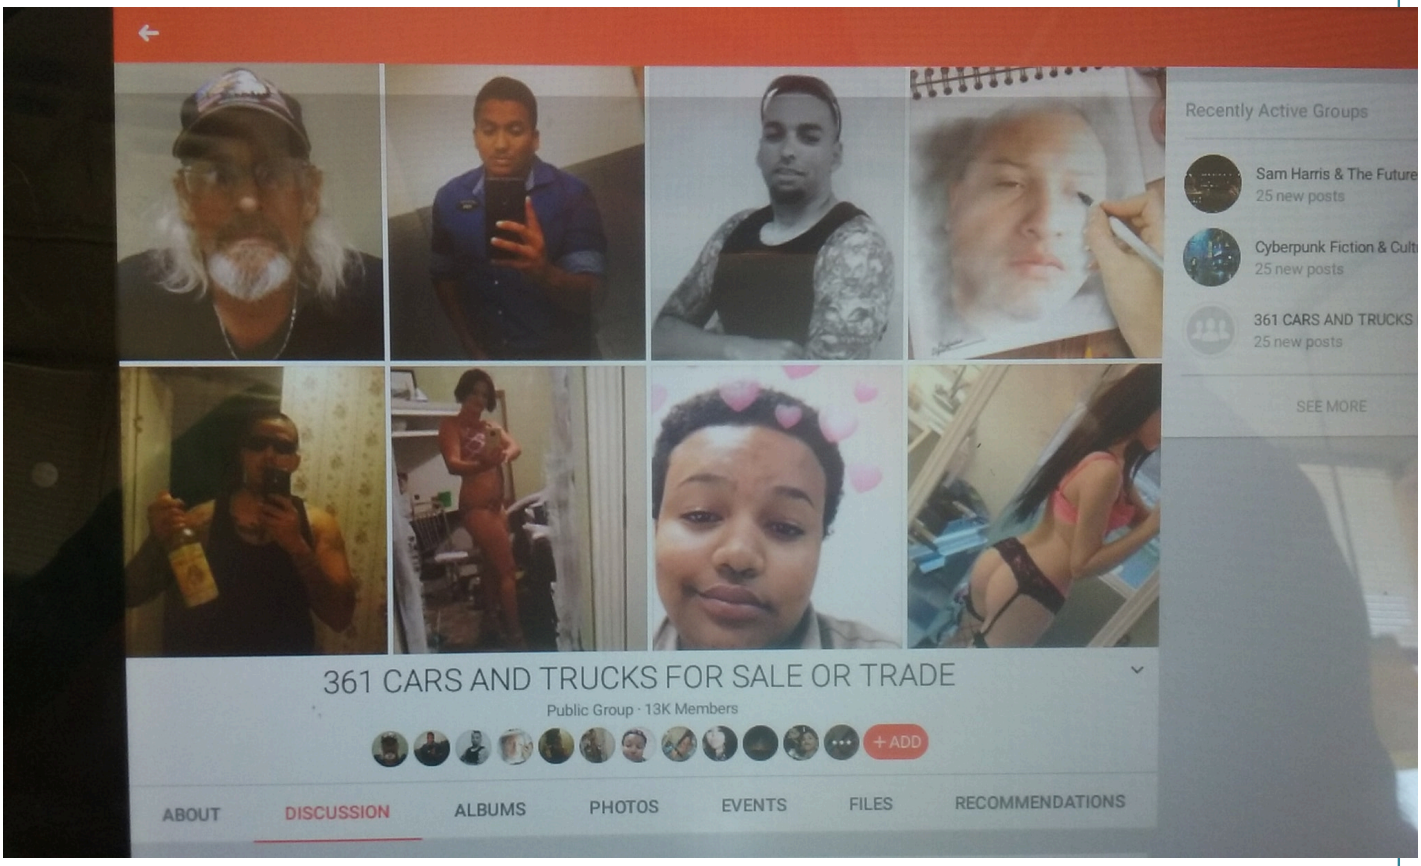
Choosing The Horned Cycle new at Cycle Plaza



RunningIn361NuecesTexas.jpg is anywhere I go including online people are saying "it is there birthday" or "I am buying the site of their buttocks with "money." This group interconnects with Social Services in a variety of locations to claim being my victim. I refer to it as funding domestic terrorism as they slander and defraud me an even call themselves my new family members. I did at one time buy a car that suspiciously broke down twice as I was readying to leave to Chicago where I had hoped to live. These people were moved in as my neighbors (not these pictured) who ran these frauds inside the apartment complexes I lived in. In one case it was a Trans-gendered bus driver for Corpus Chrsti and in most cases severally mentally ill social services patients became my neighbors fabricating being victims. These same people were telling renters and leasors not to lease to me.

Many of these people also discovered they were the Oldest of the Old Gaurd Goths who had hidden their identities until now. I did try and compliment an old friend of mine with heart trouble who was a police dispatcher and former mayor of a peninsula bay area town we should watch against some of the criminal conduct as the oldest of the old gaurd. In fact while we were older we guarded or at least I did against very little at all except illegality. That is what I was inviting him to do as this scheme and similar were underway.

California Bound

CaliforniaBound2.jpg

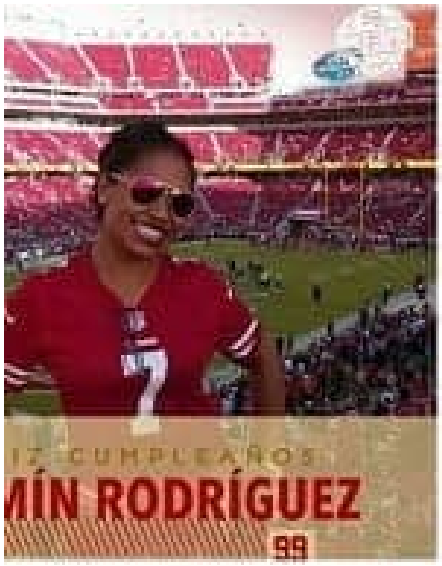
CaliforniaBound2 was my picture departing Casa Linda apartments on South Staples street to I thought a more mature and more law abiding San Francisco or Los Angeles BDSM scene. I knew these people were criminals and externalizing their demons of immaturity and glam obsessions and lack of sophistication on me so through and impersonator of me they could "get lessons" given to them. I also knew I had seen what I had believed were arson, murders, and similar attacks in California and Virginia but now had thought getting awy from the BDSM and into the Veterans family groups had been a mistake and I wanted to get back to law abiding ethics based consent based BDSM. To modify the motorcycle for duffle bags I searched the piled ruble in front of and behind the burned building. In the refrigerator to the rear I found these shelf pieces and a stench of intense bleach. IN there was the shelves but I had left that along I think because there was also a tipple extra tall white t-shirt no stain of any type visible. While I doubted bleach could take blood out there was at least a cover up attempt. There were many refrigerators from that building being dumped out so I chose other shelves.

Neighborhood Watch Captains

WrongHouseButtARCNOVAHouse.jpg ag.jpg Lesbos.jpg are some pictures of those on Watch driving muscle cars and patrolling. Many are spanish only speakers, some Pakistani, many have bragged about Mexican Mafia and other gang connections, are gay or part of Black Lives Matter, and all at various times expressed hatred of whites in their neighborhoods who violated neigbborbood civil rights of them and children, and who by being Nazis threatened the property value of the historic communities. In a way it was simlar to the Los Agneges riots under and power struggles between Gavin Newson and Trump. I did not reallyl have an agenda and thought good music bound society together but was European oreinted in legal and cultural traditions. This they views as anti-immigrant and I have expressed suchg

views. I recently July 2023 form mail Trish Regan I have Anne Coulter Pat Buchanan Lou Dobbs basic views that are not welcom in the mainstream press or these communities.

WrongHouseButtARCNOVAHouse.jpg is a group in front of the building that looked like my building in the same Casa Linda complex and they did want to be photographed but were patrolling in muscle cars. Spanish frequently has been their first language and some cases their only language. In Golds Gym many spoke Swahili and were so new to the USA they did not know how to use Western toilet fixtures Inferiors refers to rights. Inferiors.jpg is them telling my I had the inferior right to be there. I asserted I was not a criminal and my views were permissible under the law and I was born in this country. THey asserted they had the right to kill or blackball Nazis as preemption. This was the building of Neighborhood Watch that burned down. I have far more information and pictures of this and videos in my books and far more information than that I and others have but suffice it to say these were criminals bragging they were criminals and outside this apartment they said was min and had similar items in and a person similar to me in the scheme went wrong and bodies seemed to have been burned in the tub.



MÍN RODRÍGUEZ

The well-to-do Sketch Artists pictured in the photo below near 3245 S. Staples St. They live downstairs from 3240 Unite 2 and could observe foot traffic to 3245 Unit 2

There are photos exist in a zip archive in the Easter Eggs and they live downstairs from 32 unit 2

All the golds gym there have been several doggie bikes used of my motorcycle.

Doggie Motorcycle owned by black gym employee. Mine is the bike to the rear. They are equipped very similarly with dual armature stands, etc.,

A low income two story building with nor bedroom side (rear of bulding) exits caught on fire late at night. Families and others were housed in there by some programs. I paid out of SSDI without county assistance. I assert the fire was started with a body in the bathtub and the bath tub appeared the origin area of the fire.

South Staples Street Corpus Christi was the main drag through town and on the North end of the Casa Linda apartment there was a fence with a paint can and keys hidden for secret rendezvous, apartments hoping not to be found out as peeping tom tree houses near the high-school and Taco Bell high school students ate at. A desk was clumsily against where the peepholes foolishly concealed where Mr. Rumph had his hideout. It was this north end the fire broke out at as I had been documenting the peeper claiming to be me was not me, it was not my apartment, and the call girl sent to it were giving "therapy" to a police backed operation. The "therapy" for Mr. Rumph was high priced models showing off their rumphs. Rotten Edwards who had a royal family Edwards family logo and other versions of a sock-puppet Ed Donegan were operating this call girl operation. I had some fifty photos, videos, mp3 recordings, facebook posts, that the operation was a sting operation using an impersonator of who did not have the same attributes I had. This person had no intellect, needed disability funds, and those retardation funds holding his funds need to pay out for his (the fake Ed Donegan's) retarded acts. I and Tom Dunham knew this caricature of me was all false, but the caricature of me did need sex ed lessons and took them.

i3s.jpg is a Canadian dominatrix who has come to interfere with Mr Rumph looking at children's buttocks. She works as a model to put her buttocks in the the peeping line of view that before had children in it. Once shutdown the child peeper inside that apartment gets some custom views of an adult white female's buttocks. While the peeping activity is alleged to me, the apartment by links to stolen or former property of mine, the entire set of events is police using dominatrix to be a role player of catching a child abuser in the act. But that person is not me. CasaLindaAsIUsedIt.jpg is me with a tablet (no PC) taking notes on philosophy lectures playing on TV. While neighbors were peepers I was not. Accusting me of that was the tool in law to make claims against me. I have assert the bark of the Wolf (do they bark) is sort of the prelude to the swipe of the claw. Once it is barked I am a child abuser that enables the swipe at me. Treating me as a pedophile is the bar at me.

34849751_2101317446549112_8923630663018479616_n.jpg is a picture that the joureny was long covering great distances and many vacation pictures were taken. Somewhere I have a picture arriving at Stay and Play Monterey. I was framed at Wiliam Ruiz in Capitola and thought he was sort of on a racial bent and somewhat immature himself as to being around women, etc., and hoped for better at Stay and Play. All the way along it was being portrayed I was abusing teens in gym clothes. At stay and Play Jim Volcelcka indicated some were observing all this around a table perhaps I thought a Grand Jury being misled. Jim began stealing my identity via links to me he assumed like wearing size 13 boots to buy guns and military supplies, being a diabetic getting blood sugar reading, taking IQ tests and then NOT joining the military, etc., Real BDSM players were blocked and Teenage birthday parties were bridged into the Bed and Breakfast operation. During this time Volcelcka began talking Oakland history, road dog poetry pieces and Hugh Newton. Huey Percy Newton (1942-1989) was an American political activist and revolutionary who co-founded the Black Panther Party for Self-Defense with Bobby Seale in 1966. He served as the party's Minister of Defense and was a prominent figure in the Black Power movement. Newton's activism included advocating for self-determination, Black liberation, and community empowerment. Part of this led me to think of Lori Cox and Oakland social services tied to framing me in Texas.

It appears the operation run out of Corpus Christi Omni hotel and Gold's Gym Corpus Christi was now moving into Stay and Play where Mr. Rumph would shoot money shots at Rumphs. It was at this time Jen Moore's murder occurred.

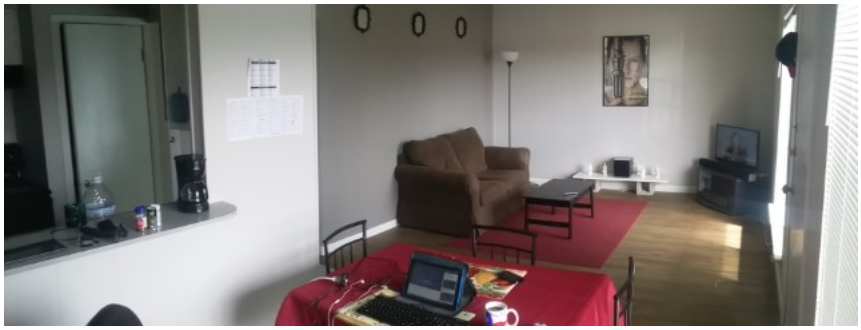
On the 6th of July as the black male from Unit 45 went missing with his Wifi to the Omni most likely was later brought to justice at the Casa linda apartmenets I have not been to in 4 moths.



In fact the person at Neigborhood Watch seeking modeling is Mark Gonzales and his allies via a proxy of me who is said to need those lessons and modeling. It was this very building that caught fire.

I have documented these activities at numerous McLamar Properties. This includes letters addressed to Mr. Rumph in units near me but not mine, recordings of audio, and other including witnesses other than myself and myself.

Confrontation Scenario Gone Wrong

CroppedTubPhto.jpg is zoon in the ashes in the tub. Plumes of flames had risen out of that tub and above a sink in the kitchen as fire scorching centers showed

It is necessary to zoom in on the photo included here to see an adult corpse and child corpse in the ashes pattern. The child corpse appears cut in half by saw. According to the scenario Mr Rump is lured to or seeks an appointment with a Honey Pot. This Honey pot ties up Mr Rumph in various bondage interrogation scenarios. While tied up Mr. Rumph is confronted and demands are made. A minor may be brought in to explain how she had been exploited photographically or a phone used to picture a child's buttocks may be found on on the phone or a PC. In this confrontation Mr Rumph must "pay-up or be arrested."

ScorchedAshenBathTubArea.jpg shows the tub area and have photos all through that show this area seemed to be the heart of the blaze with wooden areas far less damaged elsewhere. It appears the fire torched through the ceiling architecture and burned the wood beams in the bathroom but not elsewhere. It might be argued the bathroom did have a differenct ceiling type but having walked the area it seemed clear to me the small sink of the kitchen and bathtub area were by far more damaged than any other part of the entire building left open for a week or so as it was emptied.

A component of this that raises questions is that some of that evidence is of a non-white who has not seen "the white parts before" and needs a view of them. Many times the impersonator me is olive skinned or black and sometimes using "88" or something like that indicating Nazi wishes. That this person is voluntarily accepted as the black-listed Edward Paul Donegan makes some sense based on scene politics. But other parts of this do not make sense in the law or the scenario. While single most of my life I have been to many orgies and sex clubs, have met many adult entertainers, perhaps 1,000 of them over my life, was friends, good friends with or close friends to a few of them. This Mr Rumph has a skid row history of never being any of the people I have been around and wants to catch up in the cultural gaps Mr. Rumph has, and at least some of Nueces County, Texas had. Using a new cultural suave they could enter Austin and other major areas breaking the chains of generations of poverty in border town life.

Corpus Christi firefighters battled an apartment fire overnight that left one apartment heavily damaged. In Casa Linda Neighborhood Watch an operation run by Mark Gonzales I assert a murder occurred in an undercover operation gone wrong the preceeded the arson. In rooms I had not entered a dominatrix was using a custom created dungeson space to exploit a findom addict using my own identity.

TrevinoAndGonzales.png is a zoom in. MsTrevinoUnite45jpg.jpg shows the original responding officer and I suspected her as gettign the new TV and disposing or her own. D`andra explained it was probably a meth addict who stole the TV. This happened when the police officer in the initial response lead her to invite him in to her apartment. The door knob was loose so why not look at it from the other side? This is when her own TV had been taken down and placed on the couch as he and I observed. I later found her old TV and that couch at the dumpster. Ms Trevino asserted her door had been tampered with probably by a meth head. I asserted and I believe the officer was still there I knew most of the meth heads who were white and I knew nothing about it. Perhaps it had been a crack instead from those circles.

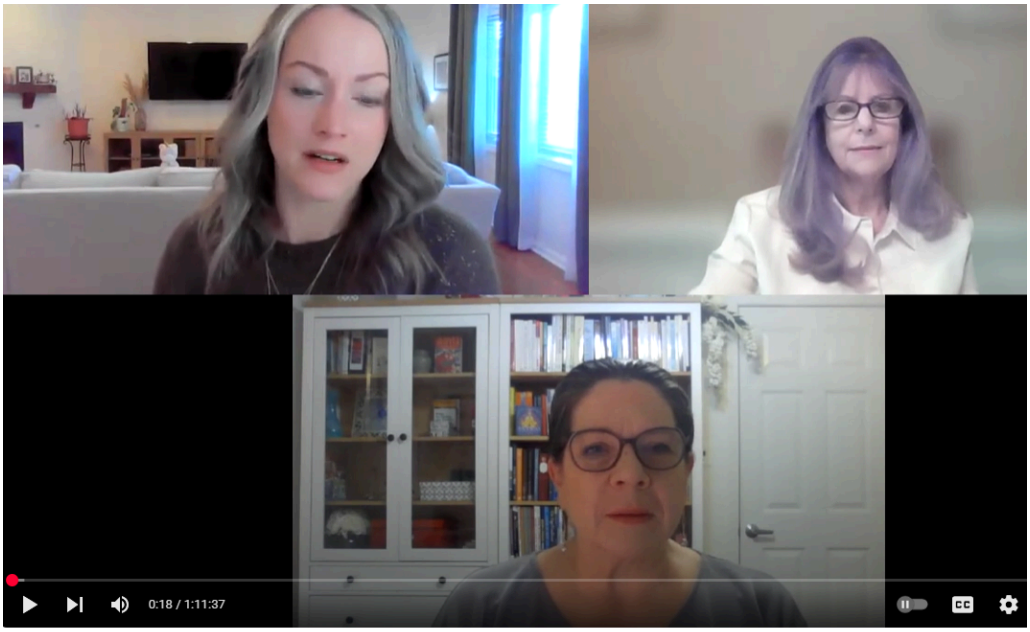
In Austin I have had similar problems with fraudsters

Cynthia Nino a black woman acting with ARC of Northern Virginina and Tia Marselli got a lease violated I had made at Asset Campus Housing appearently using a double of me to be a pest and get kicked out. At Marshalling Yard I have been in verbal disputes with a group of four people to in cots near mine. They assert they are now my family members and attempt to visually bait me with odd conduct clearly intended to message me. I had been nothing but friendly towards them in every way. If fact if any of them had said they needed some bio rights for any reason I might have even said yes if I understood the situation and the need. That people are getting away with a crime against me and thus getting away with a fraud against my parents is what has roused my anger.

The have told me to mind my own business so we should take them at THEIR word in that. What is a Special Needs Trust fund and what are the accounting requirements? A Special Needs TRust is supposed to be for those who have no family members available to protect a disabled person and who appoint benefactors to do so for the beneficiaries of the trust and the benefactors act for the beneficiary. My trust from my family was just for me. Laws I have cited to Tia Marselli and others require me Edward Paul Donegan by given an accounting (clear accounting) of how the trust is being used. They are frauds on the trust and that is my business. Accusing them of fraud is my right and duty to my family. Tia Marsili, had political conflicts of interest with Rikki Epstein as they as individuals and as ARC of Northern Virgina campaigner against Donald Trump as "advocacy." Part of advocacy for Tia Marsili was her own disabled child and her Autism Society I think wished Donegan genome transferred to its beneficiaries. I also questioned but did not recieve an asnwer for is Rikkie Epstien and her brain research advocacy was related to Jeffery Epstien and Virgin Islands Brain Foundation research since my brother was connected to both.

> Yes, a special needs trust (SNT) typically requires the trustee to keep the beneficiary informed about the trust's administration and finances. While beneficiaries don't have direct control over the assets, they are entitled to certain information and rights regarding the trust's management.

My mother was constantly worried her trust for me always be segregated from any other use.



January 2023 FFFP: ABLE Accounts and Special Needs Trusts

Discrediting me, road-blocking me in the gym as to fees, etc., and bridging my activities and property to others seemed a goal of them.

Tia Marsili (left and bottom) continued to be personally abusive to me about blacks like Mark Gonzales and particular and prison groups, illegal immigrants, church groups being involved in frauds. Jen Moore complained about these same group of people including one church group (perhaps Good Sams or United Methodist Church Corpus Christi or Salvation Army) training minors to act out being victims. The Skimmington acted out making me appear in toxic ways is *unrealistic, untrue, and calculated to be the basis of frauds against me and the trust* by *self-interested fraudsters*.

Trafficking Locations and Material Support for the Cover Operation

As I have stated and noted in many places I do not believe in fraud against others or defrauded myself or parents defrauded nor criminal conduct from me or any other towards me or any other and I assert a Protection Racket blocking me on Slander and Bridging themselves to what had been my former lifestyle is part of the activities with support on social media and I have sought domain seizures from those who support the operation. On Fetlife "Protectors" with those deep powerull voice that Mad Scienist talked about often or sometimes use Antartica as "screeners" for "exclusive" groups or events. Often these though who hide their identity are part of the protection racket. I have asserted Veronica Hoffma, Tom Dunham, and myself each of us part of what should have been and is ethics were Stalked by and operation that may have led to the demise of *Mad Scientist*. I once accused NIH police of accusing me of being a self deluded "mad scientist" and others took on that role and name Mad Scientist of Kink Engineering use a very rare smokey blue image for goth music almmost totally unknown except for the feed of videos I was posing perhaps it had 15 web veiws at that time. Often my participation in a group will be studied as the group is moved elsewhere such as "This group has just had a name change and privacy changed" or some other change and shills will move in. This matches real neighbors moved out in neighborhood. Often the reason for the phony group is that people like me post something interesting and Antarticans in their private groups will post it as their own encouraging Antartican group members not to see, to block, the original post in the original group. Mad Scientist died in what was thought to be an accident while alone in a vaccubed.

I have expressed concern that those in illegal conduct flourish on Fetlife and in brick-and-mortar businesses in Austin and elsewhere. I continue to support Enforcement of the Law for all our safety and rights including my own.

As I and Jen Moore were writing about this batch of criminals my computer was stolen by a Trevino. dandratrevino.png

SameTrevinoCouchAndTVthatIandCopobserved.jpg at the time of my TV theft D`Andra Trevino was disposing of her TV. It was on her couch when the officer looked in and then with that same couch near the trash dumpster. I captured by photo all serial numbers of the TVs involved. The computer was never recovered, some data about Mark Gonzales was recovered after the computer was stolen some was not.

Letter To Mac Lamar on fraud via Receipts and Payments-Disbursements journal errors facilitating Obstruction of Justice

TO: MAC LAMAR MANAGEMENT LLC
FROM: Edward Paul Donegan 1513 apt 5

I suspect Fraudulent Activity at 1511 I hope I am not erroneously linked to.

I initially had the address wrong as 1511 apt 5 but I came to find out Apartment 5 has its own building address as 1513, joined physical but differing postal addresses.

I have asked my error not be perpetuated in accounting but has been creating a concatenated “virtual” or “pseudo” apartment which may draw its properties and associated events from either 1513 or 1511.

While I do ask for rides to the store, etc., from those with cars, and social with, and normally communicating with my neighbors here and at 1001 N. Water St they have talked of “illegal animal husbandry” made reference to illegal acts in drug and weapons trade though seeming felons in possession and made child porn references all of which I have contacted you and the police over as illegal activity.

Recently on a about 4/18/2022 I asked a adult erotic model advertising compliance with laws if she would like to visit Texas coming to my apartment in 1513 #5 and sending pictures of my unit, inside gym, proximity to the park, etc., since she was a health fanatic.

I never heard from her but a friend of her later posted about some psycho involved in activities in his or his mother's basement. Could this be tied to activities at 1511? They have had floor work done after a flood in the apartment and 1513_6 had its floor redone. The occupant of Unit 6 had a small female child with him who was near the vent area to underfloor crawlspace I do NOT have access. That is near the apartment mailbox and on the 1511 building line block, not 1513.

General Ledgers and Transaction Journals are accounting tools used for tax and other purposes usually on a quarterly basis that depend on Double Entry Accounting to assure all debts and credits are accounted for and match income and owner's equity financial claims.

For claims regarding individual transactions and matters of studying transactions Receipts are used to identify who leases an apartment, how made a rent payment under a lease, etc., and and may be used during tracking or reported or identifying criminal activities or where crimes have occurred or properties under the control of criminals or criminal organizations.

Improper assessment of where damage to a neighborhood is occurring, damage to others is occurring, or who controls what property should be correctly resovled both for the security and availability of my good credit as a renter building and protecting myself from being linked to wrongdoing or errors of others.

… Generally Accepted Accounting Principles retrieved from Planargy and copied or modified to here

No matter what line of business you're in, adhering to the Generally Accepted Accounting Principles (GAAP) for your accounting department-both in general and for accounts payable (AP) specifically-is essential to accurate financial statements and legal compliance. Depending on the type and size of your business, you'll likely have both an overarching set of principles to follow and ones specific to your industry.

Regardless, *understanding the best practices and legal requirements that come with GAAP and other accounting principles will help you optimize your workflows, generate useful, clear, and accurate financial data, and stay on the right side of the law.*

The Importance of Accounts Payable GAAP and The Three Rules Every accounts payable department using double entry, accrual-based accounting follows a version of GAAP (cash-basis accounting is not GAAP-compliant). The Generally Accepted Accounting Principles are a set of specific rules and processes specific to the United States, designed to provide oversight for accounting practices for for-profit public companies, government accounting, and non-profit organizational accounting. In the United States, GAAP was developed by the Financial Accounting Standards Board (FASB) and the Governmental Accounting Standards Board (GASB).

Under US law, all publicly-traded companies must follow U.S. GAAP. This also applies to any company that publicly releases its income statement and any other financial documents.

Born in the wake of the Great Depression and the passage of the Securities Act of 1933, GAAP is built on 10 primary principles designed to establish and enforce honest, forthright, and complete financial reporting practices:

1. *Consistency*: Standards are applied consistently throughout the entire financial reporting process.
2. *Permanent Methods*: All financial reports are prepared in a consistent and permanent manner.
3. *Sincerity* : Accountants following GAAP are dedicated to complete accuracy, impartiality, and transparency.
4. *Regularity*: All accounting practices and financial reporting are performed with strict adherence to established rules and regulations.
5. *Non-Compensation.* : ositive or negative, all aspects of an organization's performance are fully reported without the possibility of debt compensation.
6. *Prudence*: Financial data is untainted by speculation
7. *Continuity*: Asset valuations are assigned with the assumption the organization will continue to operate for the foreseeable future.
8. *Periodicity*: Financial reporting is performed at standard accounting intervals, e.g. fiscal quarters or years.
9. *Materiality*: Reports are absolutely transparent and fully disclose the organization's financial health and position.

10. *Utmost Good Faith*: All parties involved in financial reporting are acting honestly, with integrity, and in good faith.

Each of GAAP's 10 guiding principles is informed and guided by three overarching rules. Created to prevent accountants from either intentionally or accidentally creating a misleading view of an organization's financial position, the three rules help protect both the public and the organizations themselves from inaccurate or fraudulent financial data.

- Basic Accounting Guidelines and Best Practices. Following the guidelines ensures:
    - Organizational transactions are separate from those of the owner(s).
    - Currency, accounting time periods, and other data are clear and consistent.
    - Best practices for cost management, financial disclosure, revenue recognition, professional judgement, matching, etc. are followed.
- FASB Standards and Rules Are Followed. Organizations adhere to the continuously evolving FASB standards for best practices.
- Generally Accepted Industry-Specific Practices Are Enforced. Different organizations have very different in-depth and specific accounting practices, based on their particular structure and legal standing. For example, a government agency, a bank, and a non-profit foundation would all adhere to GAAP principles, but have their own unique set of accounting and financial reporting requirements.

The interior surfaces of my apartment I have control of but nothing beyond, the wall structures nor roof, crawlspace, telecom, etc.,

Bizarre and downright confusing activities such as pictured here on Common areas of the campus or neighboring buildings are not my choice and appear, simply put, machinated as if to created a narrative at times disparaging to me and the property rights my Trust fund might be targeted for damages to the community, damages improperly linked to me.

It is for these reasons I wish only to be linked to my own apartment at 1513 apt 5 and those parts of its interior I have any control over again recognizing Landlord access and the possibility of break ins such as occurred in Casa Linda (multiple items stolen, door broken down, computer and Notebook computer stolen from 1001 N. Water St.)

Accounting is critical to tracking and assessing debits and liabilities and property owners.

I have no basement or access to under the floors. Sometimes some cats have gotten under there but I have nothing to do with that and tried to get them out, unable to do so.

On Interstate Financial and Health Care Fraud and Obstruction of Justice

The Social Security Aministration ethic in Washington and Baltimore Maryland is to make sure each Social Security recipient receive payments on time. This allows each Social Scurity recipient to pay bills on time, accumulate good credit and access to financial services, have housing available as a priority along with clothing, be safe from fraud and crime in secur\e housing, and have the safest and most beneficial environments

When Disbursments are made into my checking account via Direct Depost that shows on my Well Fargo Ledger I make rent payments from Wells Fargo into Mac Lamar in Texas via wire transaction electronic banking all of which follows the Receipts and Disbursements double entray accounting system.

RECEIPT

A receipt is a document acknowledging that a person has received money or property in payment following a sale or other transfer of goods or provision of a service. All receipts must have the date of purchase on them. Wikipedia

DISBURSEMENT

A disbursement is a form of payment from a public or dedicated fund. Alternatively, it means a payment made on behalf of a client to a third party for which reimbursement is subsequently sought from the client. Wikipedia

Single-entry accounting is less complex than double-entry accounting. With the single-entry system, you record cash disbursements and cash receipts. And, you record incoming and outgoing money in the cash book. One may enter data willy nilly and no errors (inconsitency) are seen.

Double-entry bookkeeping is an accounting method where you equally record a transaction in two or more accounts. A credit is made in at least one account, and a debit is made in at least one other account.

Double-entry bookkeeping is an accounting method where you equally record a transaction in two or more accounts. A credit is made in at least one account, and a debit is made in at least one other account.

The double-entry bookkeeping method is based on the idea that every business transaction has equal and opposite effects on at least two accounts.

Double-entry accounting can help you make better financial decisions catch and reduce bookkeeping errors see a clear snapshot of company finance maintain accurate accounting records.

I am proud of the property I keep and hope errors in accounting are fixable. 1513 should replace all my leasing data I am not involved with the 1511 building except for knowing some of the tenants.

My use of 1513 apt 5 that which I have control of I take pride in. Me, my rental of this property, are a contained bounded system. Best practices in accounting shoudl recoginze that.

While mosly I wrote about other topics in law often referencing ideas like Alchemy of Greek history it was being used by Urban (downtown urban black prison programs) as their Illuminati Practioners of Ancient Intellect then and since. They apply the Ancient wisdom of Donegan family learnings to aclchemize prison gang memebrs to counselors. They are also covertly decended from Anciet Kings and Kights who have had to hide their existance from the public to protect themselves and the wisdom held secretlyi writing their order.

Other groups like them including endevours control ubran city politics and government contracts for providing services at places like Austin Resource Center for the Homeless (ARCH). The seem closely tied to a group of Black Hebrew Islrealites and Salvation Army Prison Ministries. When I was talking about Alchemy I was sayting they were pasting fabricated facts together to make a phone case (straw was only painted gold) they said their wisdom counseled prisoners into social genius.

Illegal Stalkers are Mockers of Victim Allegations

Stalkers are trained to laugh off and laugh at allegations of criminal conduct alleged about the criminal acts. This was created by propaganda experts and the CIA defending JFK theories. Laughing shows abuse towards the allegation in a non-verbal way, indifference to it, and denies a stated response to the allegations of criminal conduct. Other mockery can include slander suggesting the person that is a victim of the crime deserves the crime for other reasons.

Often the person asserting criminal activity such as me asserting Racketeering will be impersonated by a severely retarded person making the same allegation and the caricature mocking my character will be conflated with my character. This is something myself and Tom Dunham have documented thoroughly in my books and his writings.

The ARC of Northern Virginia and other Social Services

by the time I entered the 8th grade I had probably read 10 issues of La Monde cover to cover in the Laffayette, California library of Contra Consta County. Along with world travel I read english edition foreign news-journals. I read publications from the Hoover Institute, Manhattan Institute, and many others.

https://x.com/TheArcofNoVa

I was placed in Northern Virginia Mental Health Care when I asserted my neigbor Thea Smith was part of illegal activities suggesting (incorrectly) Teen Candy I had requested was being served to me. I assert my allegations were correct and the arrestign officers knew that. They also knew (as that neigbor did and was looking into and aksing about I was reading Anne Coulter Demogauged and Patrick Buchanas's Suicide of a Super Power immigration issues. I also was telling racist jokes about racist stories on a web site about those news stories. The teen slander was reatliation.

Dr. Alathari is the Chief of the U.S. Secret Service National Threat Assessment Center. Labeling me a "terrorist" enabled mental health study of me by those wishing to make a name for themselves and I believe she was at Northern Virginia Mental Health Institute as a social worker. I said in there that some of these people in dual diagnosis programs (chemical dependency along with mental illness of other types) had reminded me of soviet policies where people in such pain the soviet population was leaders decided to subsidize vodka and promote sports as national diversions. I was subject to endless hours of interviews on any and every topic that might ever come up in a news-paper.

Dr. Alathari is the Chief of the U.S. Secret Service National Threat Assessment Center (NTAC), where she oversees the center’s targeted violence behavioral research program. The findings from these projects have identified behaviors, motives, and triggers of individuals who engage in various forms of targeted violence to include school violence, workplace violence, terrorism, attacks against government officials and facilities, and mass attacks in public spaces.

Dr. Alathari also oversees NTAC’s training and consultation programs. She has testified before congress, frequently presents on threat assessment, and provides guidance to government agencies, K-12 schools, universities, and corporations on threat cases and establishing threat assessment programs.

Dr. Alathari was named a 2020 Safety, Security and International Affairs Finalist for the Samuel J. Heyman Service to America Medals, and was the recipient of the 2019 Secret Service Director’s Team Impact Award, the 2019 DHS Secretary’s Meritorious Service Award, and the 2015 DHS Law Enforcement Information Sharing (LEIS) Visionary Award. Dr. Alathari's previous experience includes mental health treatment, behavior analysis, and crisis intervention. *Immediately prior to joining the U.S. Secret Service, Dr. Alathari worked at the Northern Virginia Mental Health Institute, an inpatient state psychiatric facility, where she oversaw the behavior management program for patients who posed a risk for violence, self-harm, and suicide*.

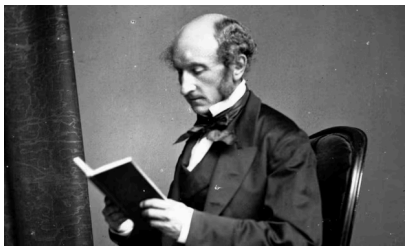
Dr. Alathari earned a Ph.D. in Cognitive Neuropsychology from The George Washington University. https://www.secretservice.gov/protection/ntac/leadership

Who I was is a person who studied Classical Antiquity (not the bible) and knew about Areopagitca and Free Speech, Ethos, Pathos, and Logos, Greek plays, and the Body Politic and participation in it. Social workers wanted to base their "expertise" on my "advocacy of terrorism. In fact I have developed anti government and anti press sentiments but am trying to reform them through more speech in the dialogue.,

What does it mean to edit something? To take something as it is found and then make changes perhaps removal of content or adding content in so that it seems different than it actually is. Our MSM has editorial policies that do not reflect reality and many times do not even reflect public perceptions. I have tried to address these matters and participatory ways.

"John Stuart Mill (a political philosopher on Liberalism) believed that all individuals, not just the elite, contribute to society's progress, even those who are different or marginalized. He emphasized the importance of individual liberty and the freedom to experiment with different ways of living, arguing that this leads to societal improvement by allowing individuals to discover their unique potential and contribute accordingly. Mill's philosophy championed the idea that diverse perspectives and experimentation are crucial for societal advancement. " This is something I believed about myself having come from an upper middle class family with (by life experience) a university professor as a father I pursued the interests in law, science, and other topics from my upbringing using the internet to join the discussion. I quoted Mill on this as well but Louis Marcano blocked this from me and bridged it to himself.

We the clients of services were asked to create artwork for a public open house. Here is what I did more or less as HTML here.



"Eccentricity has always abounded when and where strength of character had abounded; and the amount of eccentricity in a society has generally been proportional to the amount of genius, mental vigor, and courage which it contained." - John Stuart Mill

I also drew facing trauma as like approaching and making through the sound barrier and the difficulty of approaching trauma and the affects of being slowed by the forces of trauma. I was told by Louis Marcano this violated the rules as not being wall art but merely a quote from someone. I point out I stylized it with picture, background color and text color, and made into a framed wall-hanging but he held his position.

Jen Moore asserts this group of people were co-opting and plagiarizing all I was doing as predators on my family line and even using my DNA to pay for adult entertainers and of course (like Al Capone) donations to charitable use as well.

The Yellow Rose and Red Rose are where some of this "money" is being passed through and also at locations like the Omni hotel and locations like Golds Gym or H-E-B. Most of these have ties into JFK and MK-Ultra history.

This is a movement by Texans to push our state's government to secede from the United States to avoid the tyranny of a centralized government that does not respect the Constitution of the U.S. as well as the individual states and continues a dangerous policy of taxation and debt accumulation. There is no reason the state of Texas should endanger its posterity by staying with this dysfunctional Union.

Texas Grocery Magnate Forbids 'Open Carry,' Opposes School Choice, Supports Sanctuary Cities retrieved from www.breitbart.com and copied or modified to here

Charles Butt, the Texas billionaire magnate behind the H-E-B supermarket chain which forbid the open carry of firearms law that went into effect January 1, 2016, opposes school choice, funds anti-school choice lobbyists, and is even credited for his role in killing a 2011 state bill banning "sanctuary cities."

The Butt family in Australia has a history marked by immigration, business, and family connections. Several individuals named Butt immigrated to Australia, including George Butt, who arrived in 1885, and others who came from various parts of the UK. A prominent example is the Butt Family Cannery, established by a tinsmith who hand-made cans for his pineapple plantation and later expanded into a successful business. The family also has connections to the HE Butt Grocery Company through Howard Edward Butt Sr., though he and his family are primarily associated with the United States.

The Butt Family Cannery: F.G. Butt & Sons Ltd: Established in Zillmere, Queensland, by a tinsmith who initially hand-made cans for his pineapple plantation. Expansion and Success: The cannery became a significant local business, producing canned pineapple, juice, tropical fruit salad, and jams. Community Impact: The cannery played a role in the economic development of the Zillmere and Geebung areas until its closure in 1960.

While primarily associated with the HE Butt Grocery Company in the United States, he had a daughter, Margaret Eleanor Butt Crook, who served as director of Bread for the World. (food programs like US AID)

Charles Clarence Butt (born February 3, 1938) is an American heir and billionaire. He inherited his family's San Antonio-based H-E-B supermarket chain in 1971. The privately held company has more than 400 stores and $38.9 billion in sales, according to Forbes.

William H. Crook, by marriage to Margaret Eleanor Butt (daughter of Howard Edward Butt Sr.), served as the United States Ambassador to Australia. While he was a prominent figure, he was not the ambassador to Australia under President John F. Kennedy's administration. He served as Ambassador to Australia from 1968 to 1969 under President Lyndon B. Johnson's administration. (this is when RFK was shot over the US AID program I think tied to Barrack Obama Jr.) The connection is Indonesia and Papua New Guine are off-shore from Australia.

This was a cover criminal program most deny the existence of.

Unlikely Slander story-line from a Likely Criminal. According to Mark Gonzales and his allies in crime (racketeering, homicides, attacks on journalists and witnesses) Ed Donegan has never "seen the white parts" before and needs buttocks models especially elite high end models from Goth, BDSM, or escort services. It it possible that was his needs not mine? Don't get me wrong I enjoy some harmless fun and spent much of my life having met, known, and dates Bay Area California and other locations world-wide known and traveling dominatrices. Yet Gonzales and an underbelly of Texas religious, mental health workers, and others inexperienced with this world decided (for the interests of the adult industry) they would discredit me as not a part of it before then with that established as "fact" asking elite adult entertainers to come and give lessons and be adult models to those who had not met an adult model before in life. I was walking in H-E-B stores in Austin and said "all you are doing is taking your own demons and trying to place them on me." And they did that because they hoped a scheme bilking my trust fund could pay out to them as they tried to overcome their demons. They think (and they might be right) the Goth scene needs to be protected from me because of the Color of my Skin. I assert (and I might be right) the Goth scene needs to be protected from their abuses under Color of Law and racketeering in the bedroom community. I post in Austin about 2015 that you should judge. "Don you want to be tied up by a felon who is committing crimes and hiding crimes?" Maybe we should ask Mad Scientist of Kink Engineering who died in a vacubed "accident." Maybe it was an accident but could other such accidents occur? Yes.

Harmonizing Drugs and Law

Friday, April 18, 1997
Arkansas Times

By: Mara Leveritt

How's this for a criminal enterprise: Say you're a drug dealer, an operator, a profiteer on the narcotics black market. You buy the stuff and you sell it. You know your customers as well as your suppliers. You've got connections, all of them secret.

Yours is a lucrative business. The only problem is that it's illegal. For most drug traffickers, dealing with the law can be a nuisance. But say that you are the law. Say that you're the prosecuting attorney and that you've got the head of the local drug task force the guy who carries the gun working for you as one of your employees. In this case, your legal problems can be reduced.

Consider it from a business point of view. You've got a drug-distribution area that you control, on the streets as well as in court. If competition appears, your friend in the drug task force dispatches some of his undercover officers who also carry guns to the newcomers for a chat. The technique is usually fairly effective.

If the interlopers ignore the message, the drug task force whips into action, sweeping up the offenders so that you, the anti-drug, law-and-order prosecutor, can throw the book at them To the law-abiding public, you come out a hero. To the law-abiding public, you're a drug-fighting hero. Your competitors see a police-backed monopoly. This combination of criminality and legal authority works for you all around. Say some cop who's not on your payroll hauls in someone in your organization. No problem. The cop can file charges till he's blue in the face, but so long as you're the prosecutor, certain cases simply fall through the cracks. A charge is little more than an annoyance' if it's never prosecuted.

[Emphasis added] *You can even turn the prosecutor's office itself into a profit center. That power to bring people before the law is a persuasive one. "Look, hon," you could say to a defendant, "our little ol' drug task force has found out that you're up to your neck in illegal activities." (You could say this, whether or not it was true. In this arena, niceties like the truth don't much matter.)* So you say, "Now, if we take you to court, considering that I hardly ever lose a case, you're going to spend about the next 150 years in prison. Or we could negotiate." Some people will find ways of coming up with a lot of cash to avoid 150 - years - or even five minutes - in the Arkansas Department of Correction.

Now, say you've been at this for several years, wearing-your white hat as prosecutor while lining your pockets with black market cash. You know where the bodies are buried. You know who has paid how much for what. You've entered extortion heaven.

The information you've gleaned, through shake-downs by your task force and payoffs in your office, is an asset of considerable worth. What you know about some people is a golden chain around their throats. Anytime they even think about singing, you can yank it.

If, for years, all the oversight and law enforcement authorities who know what you're up to opt to leave you alone, you've pretty much got it made. Only the stupidest of bad luck could interfere …

Well, here's to stupidest of luck. It finally caught up with Dan Harmon, the former prosecuting attorney for Saline, Grant, and Hot Spring counties. What happened to Harmon was so stupid, in fact, that law enforcement authorities who have stayed out of Harmon's way for decades were forced to show some interest. In December 1995, when Harmon's ex-wife was caught red handed with drug evidence that had been taken from Harmon's evidence locker and especially once that incident was reported in the media the possibility of slipping this latest bit of Harmon business under the rug was seriously diminished.

Last week, a federal grand jury charged Harmon with racketeering, dealing in cocaine, manufacture of methamphetamine, extortion, witness tampering, and retaliating against an informant. Roger Walls, administrator of the drug task force, and a third man, a Sheridan attorney, were also indicted in the scheme, and other indictments may be coming. Watch what happens in the next few weeks. We hear about cops-and-drugs scandals elsewhere. This is Arkansas's own, and it's a doozy. After nearly two decades in operation, what the grand jury called Harmon's "criminal enterprise" was almost certainly not a small one. The question now is how deep the indictments will go. What do you think? Will the corruption that has plagued the 7th Judicial Distract be cleaned out? Or will this just be a little dusting, leaving the infrastructure that has supported Harmon - his investors, you might say - untouched? Write me with your bets and opinions here at the Times, or e-mail me at mleveritt@aristotle.net. And stay tuned. What happens next will tell us a lot.

That political base of his and that area are used to stage phony charges about me the new white guy in the neighborhood. Sometimes these are described as Contract Killing, Targeting, COINTELRPO, Pre-emption, etc., Whatever the name for it the Government locates criminals and acts through them to accomplish illegal ends.

Austin, Texas is far below Sand Diego and Corpus Christi, Texas is far below Austin. Texas is a huge Deep South state full of the oil business, Deep South politics, and world history. Some of that explains the CARTEL here.

Many of the religious groups here especially among the poor resemble Selma Marchers in constant activities for civil rights and Social Justice. I have long argured people like Black Lives Matter and others think that Social Justice outranks Criminal Justice and breaking the law is part of civil rights struggle. For many black females in Deep South religions the criminal justice system is itself the enemy as family members may be incarcerated, gang members, and these Southern poverty families have lived their lives in struggles for the escape from poverty and the escape from discrimination. For many of them defrauding and slandering me is part of the "civil rights" struggle. This includes lewd abusive treatment of me saying this makes them my partner rather than unwanted comments from them make me their harassment victim. It is most like Jen Moore was right, Democracy Partners targeted me but more so after Hillary Clinton lost the nomination to Barrack Obama Jr. and high ranking officials involved the Eastern District of Virginia into criminal frauds and activities. Many services for the homeless are from Faith Based Charities and I was forced into homelessness by fraud. I did not go to Tennessee the place of Ted Gunderson because the Salvation Army ran its charities and would not shop at Randalls because of their ties to the Salvation Army.

CORPUS CHRISTI, Texas - Emmanuel Cantu, who was arrested in connection for a fatal shooting in 2019, accepted a plea deal that allowed him to walk out of a Nueces County Courtroom as a free man Thursday morning.

Cantu faced a murder charge after killing 36-year-old Sandalio Zuniga and injuring two others. He plead guilty to manslaughter Thursday, meaning that he will not be a convicted felon.

The Calavera motorcycle club member was defended by Abel Cavada and former District Attorney Mark Gonzalez, who spoke with 3NEWS about the trial and what the defense's decision to accept a plea bargain means for Cantu.

"He will be placed on community supervision for 10 years on deferred adjudication," Gonzalez said.

Gonzalez is also a Calavera. He initially recused himself from the case while serving as the Nueces County DA in 2019.

"The outcome is probably not usual for someone charged with murder," Gonzalez said. "The facts of the case were, surrounding what occurred, can be challenging for a State and even the defendant."

"When they offered the probation, we decided the risk would be too great. So, we accepted the plea agreement."

Elizabeth Lynne Cheney (/ˈtʃeɪni/; born July 28, 1966) is an American attorney and former politician who was the U.S. representative for Wyoming's at-large congressional district from 2017 to 2023, and served as chair of the House Republican Conference from 2019 to 2021. A member of the Republican Party, she is known for her vocal opposition to Donald Trump.

Cheney is the elder daughter of former vice president Dick Cheney and second lady Lynne Cheney. She held several positions in the U.S. State Department during the George W. Bush administration. She promoted regime change in Iran while chairing the Iran Syria Policy and Operations Group with Elliott Abrams. In 2009, Cheney and Bill Kristol founded Keep America Safe, a nonprofit organization concerned with national security issues that supported the Bush-Cheney administration's positions. In 2014 she was briefly a candidate for the U.S. Senate in Wyoming, challenging incumbent Mike Enzi before withdrawing. She was elected to the House of Representatives in 2016, holding the same seat her father had held from 1979 to 1989.

Regarded as a leading ideological neoconservative in the Bush-Cheney tradition as well as representative of the Republican establishment, Cheney is known for her pro-business stances and hawkish foreign policy views. She was critical of the foreign policy of the first Donald Trump administration while consistently voting in favor of Trump's overall agenda.

Cheney supported the second impeachment of Donald Trump following the 2021 storming of the U.S. Capitol. Her impeachment vote and criticism of Donald Trump led to her eventual removal from Republican leadership in May 2021. In July 2021, Speaker Nancy Pelosi appointed Cheney to the House Select Committee on the January 6 Attack. Two months later, she was made vice chair of the committee. Her role on the committee resulted in the Wyoming Republican Party revoking Cheney's membership in November 2021 as well as censure from the Republican National Committee in February 2022.

In 2022, Cheney lost renomination in Wyoming's Republican primary to Trump-endorsed Harriet Hageman in a landslide, garnering just 28.9% of the vote. Cheney has said that she intends to be "the leader, one of the leaders, in a fight to help to restore" the Republican Party. She later endorsed and campaigned for Kamala Harris's unsuccessful run in the 2024 presidential election. In 2025 she was awarded the Presidential Citizens Medal and pardoned from potential future prosecution by President Joe Biden. As of March 2023, she is a professor of practice at the University of Virginia Center for Politics.

Early life and education

Elizabeth Lynne Cheney was born on July 28, 1966, in Madison, Wisconsin. She is the elder of two daughters of former vice president Dick Cheney and former second lady Lynne Cheney (née Vincent). At the time of her birth, her parents were studying at the University of Wisconsin-Madison. Her younger sister, Mary Cheney, was also born in Madison. Cheney attended part of sixth and seventh grade in Casper, Wyoming, while her father campaigned for Congress. The family divided its time between Casper and Washington, D.C., in the 1970s through the 1980s, following her father's election to Congress. In 1984 Cheney graduated from McLean High School in suburban Washington, D.C., where she was a cheerleader. In 1988, Cheney received her political science BA in from Colorado College, her mother's alma mater, where she wrote a senior thesis entitled "The Evolution of Presidential War Powers." She received her JD degree from the University of Chicago Law School in 1996. While there, she also took courses in Middle Eastern history at the Oriental Institute.

Early career

Before attending law school, Cheney worked for the State Department for five years and the United States Agency for International Development between 1989 and 1993. After 1993, she took a job at Armitage Associates LLP, the consulting firm founded by Richard Armitage, then a former Defense Department official and later the deputy secretary of state.

After graduation from law school, Cheney practiced law at the law firm of White & Case and as an international law attorney and consultant at the International Finance Corporation, a member of the World Bank Group. She was also special assistant to the deputy secretary of state for assistance to the former Soviet Union, and a USAID officer in U.S. embassies in Budapest and Warsaw.

State Department

Deputy assistant secretary of state for Near Eastern affairs

In 2002, Cheney was appointed deputy assistant secretary of state for Near Eastern affairs, a preexisting vacant post with an "economic portfolio", a mandate to promote investment in the region. Amid reports, including a *New York Times* op-ed piece by Paul Krugman, that the job was created especially for her, State Department spokesman Richard Boucher said that she had come recommended by then-Secretary of State Colin Powell. *The Sunday Times* reported that Cheney's appointment was "the most intriguing sign that America is getting serious about Middle East reform" and "a measure of the seriousness with which the administration was taking Middle East programmes for literacy, education, and reform." The appointment followed publicized policy divisions between the vice president's office and the State Department on Middle East policy. In that position, she was given control of the Middle East Partnership Initiative, designed to "foster increased democracy and economic progress in a troubled region". The program spent $29 million in 2002, increased to $129 million in the following year. Cheney's task was to channel money to prescreened groups, some of which were not identified publicly for fear of retaliations from extant governments they sought to undermine. For the budget year 2004, the project sought $145 million.

2004 Bush-Cheney reelection campaign

After two years, Cheney left her State Department post in 2003 to work for the Bush-Cheney 2004 reelection campaign. She participated in the campaign's "W Stands for Women" initiative to target female voters.

Principal deputy assistant secretary of state for Near Eastern affairs

On February 14, 2005, she returned to the U.S. State Department and was appointed principal deputy assistant secretary of state for Near Eastern affairs and coordinator for broader Middle East and North Africa initiatives. In this position, Cheney supported the assistant secretary of state for Near Eastern affairs, C. David Welch, and coordinated multilateral efforts to promote and support democracy and expand education and economic opportunities in the Middle East and North Africa. Cheney oversaw the launch of two semi-independent foundations, the Fund of the Future (worth $100 million), to provide capital for small businesses, and the Foundation of the Future (worth $55 million), to promote freedom of the press and democracy. In that capacity, Cheney endorsed a draft of a new Iraqi constitution.

Iran Syria Policy and Operations Group

Cheney also headed the Iran Syria Policy and Operations Group (ISOG), established in March 2006, a unit within the State Department's Bureau of Near Eastern Affairs.

In April 2006, *The New York Times* published a story that was critical of Cheney's work, particularly with respect to Iran. The International Republican Institute, a grants program administered by Cheney's unit in collaboration with a Republican-affiliated foundation, received particular scrutiny. Shortly before the ISOG group was dissolved, Secretary of State Condoleezza Rice initiated a major effort to engage Iran and Syria in efforts to stabilize Iraq.

Post-State Department career

In June 2007 Cheney signed on as one of three national co-chairs of Fred Thompson's 2008 presidential campaign. The others were Spencer Abraham and George Allen. In a press release issued at the beginning of his campaign, Thompson said he was "very pleased to announce that former senators Abraham and Allen, as well as Liz Cheney, will serve as co-chairs of my national leadership team". He added: "These distinguished individuals bring wise counsel and invaluable experience to my campaign leadership team, and they will play a critical role in helping spread my consistent conservative message across America." After Thompson dropped out of the race, Cheney joined Mitt Romney's presidential campaign as a senior foreign policy advisor.

In October 2009, Liz Cheney, William Kristol, and Deborah Burlingame launched, as board members, the nonprofit 501(c)(4) organization Keep America Safe. The group's stated purpose is to "provide information for concerned Americans about critical national security issues". It drew strong criticism from conservative lawyers, many of whom had worked for the Bush administration, after its campaign against "The Al Qaeda 7", seven Justice Department lawyers in the Obama administration who previously had worked as defense lawyers for Guantanamo detainees. Shortly after, all information about the organization disappeared from the Internet.

In January 2012, Cheney was hired as a contributor for Fox News. She guest-hosted programs such as *Hannity* and *Fox News Sunday*. The network terminated her contract in July 2013 after she started her 2014 bid for the Senate in Wyoming.

2014 U.S. Senate bid

Main article: 2014 United States Senate election in Wyoming

On July 16, 2013, Cheney launched a run for the Senate in 2014 from Wyoming as a Republican, challenging incumbent Republican senator Mike Enzi. The National Republican Senatorial Committee said it would back Enzi, as was policy. Cheney was expected to receive strong fundraising, but was subject to public perceptions of carpetbagging, having lived in Wyoming only a few years as a child before purchasing a home there in 2012. When she launched her 2014 Senate campaign, she did it with a Facebook post geotagged to McLean, Virginia, her primary residence at the time. During that campaign, *The New Republic* columnist Jon Ward wrote, "she talked up her Wyoming roots and dressed in boots. But when I chatted with her at one stop, her jeans were so new that her hands were stained blue from touching them." In the video she noted that the Cheney family first came to Wyoming in 1852. Her father represented Wyoming in the House from 1979 to 1989.

In her first campaign appearance in Cheyenne, Cheney said, "We have to not be afraid of being called obstructionists. Obstructing President Obama's policies and his agenda isn't actually obstruction; it's patriotism." Cheney claimed that Obama had "literally declared war" on the First and Second amendments to the United States Constitution as well as the interests of Wyoming ranchers and energy workers who faced regulations from the United States Environmental Protection Agency.

Cheney's campaign was marred by criticism from her championing of "hawkish" foreign policy positions to a public spat with her sister over her opposition to same-sex marriage. Enzi's continuing popularity made it difficult for Cheney to make inroads with Wyoming Republicans. On January 6, 2014, Cheney withdrew from the race, citing family health issues.

Elections

2016

Main article: 2016 United States House of Representatives election in Wyoming

After Wyoming congresswoman Cynthia Lummis retired in the fall of 2015, Cheney launched a campaign for her House seat on February 1, 2016. She was widely considered the front-runner, and a poll commissioned by the *Casper Star-Tribune* and Wyoming PBS showed her leading in the Republican primary - the real contest in this heavily Republican state. She won a crowded Republican primary with 38% of the vote, and went on to win the general election.

2018

Main article: 2018 United States House of Representatives election in Wyoming

In the November 6 general election, Cheney was reelected to the House with 127,951 votes, defeating Democrat Greg Hunter (59,898 votes), Libertarian Richard Brubaker (6,918) and Constitution Party candidate Daniel Clyde Cummings (6,069). Cheney won 21 of 23 counties, losing Albany and Teton Counties to Hunter. On November 14, the Republican membership elected Cheney chair of the House Republican Conference for the 116th Congress. In this post, she was the third-ranking Republican in the chamber, behind Minority Leader Kevin McCarthy and Minority Whip Steve Scalise.

2020

Cheney defeated Blake Stanley in the Republican primary with 73% of the vote, and Democrat Lynnette Grey Bull in the general election with 69% of the vote.

2022

Main article: 2022 United States House of Representatives election in Wyoming

Cheney lost the August 16, 2022, Republican primary to pro-Trump candidate Harriet Hageman, with 28.9% of the vote to Hageman's 66.3%. Her margin of defeat was the second-worst for a House incumbent in the last 60 years, behind that of South Carolina Republican Bob Inglis in a 2010 primary runoff.

Tenure

Cheney was sworn into office on January 3, 2017. Donald Trump became president that same month, and an analysis by FiveThirtyEight found Cheney supported Trump's position in 92.9% of House votes.

She co-sponsored legislation that would end protection for gray wolves in the Endangered Species Act.

In May 2019, Cheney said that Peter Strzok and another FBI agent who sent personal text messages in which they disparaged various politicians (including Trump) sounded as if they were planning a "coup" and may be guilty of "treason".

In June 2019, Alexandria Ocasio-Cortez compared the holding centers for illegal immigrants at the Mexico-United States border to "concentration camps". Cheney criticized her words, saying they showed "disrespect" for Holocaust victims.

Speaking as chairwoman at a House Republican Conference in August 2019, Cheney said that the successful litigation (*Crow Tribe et al v. Zinke*) by Native tribes and environmentalists to return the grizzly bear in Greater Yellowstone to the Endangered Species Act "was not based on science or facts" but motivated by plaintiffs' "intent on destroying our Western way of life". Her statements drew comments from indigenous tribal nations and environmentalists. Tribal nations hold the grizzly sacred, and environmentalists have voiced concerns about trophy hunts, livestock and logging interests, and the gas, coal, and oil extraction industries.

Cheney condemned the Turkish invasion of the Kurdish areas in Syria, which was made possible by Trump's decision to withdraw U.S. military forces that served as a buffer between Turkey and the Kurdish areas in Syria, saying, "The U.S. is abandoning our ally the Kurds, who fought ISIS on the ground and helped protect the U.S. homeland. This decision aids America's adversaries, Russia, Iran, and Turkey, and paves the way for a resurgence of ISIS." Cheney partly blamed the Democratic Party and the impeachment inquiry into Trump for Turkey's actions, saying, "It was not an accident that the Turks chose this moment to roll across the border." A spokesperson for House Speaker Nancy Pelosi called Cheney's claim about the impact of U.S. presidential impeachment proceedings on the invasion "delusional".

At a House Republican Conference in July 2020, some Republicans, including Jim Jordan of Ohio and Andy Biggs of Arizona, criticized Cheney for defending Dr. Fauci amid the COVID-19 pandemic, and for previously endorsing Kentucky Congressman Thomas Massie's primary opponent.

In September 2020, Cheney asked the Justice Department to investigate environmental groups such as the NRDC, Sea Change, and the Sierra Club, saying that "robust political and judicial activism - combined with the fact that these groups often espouse views that align with those of our adversaries - makes it all the more critical that the Department is aware of any potential foreign influence within or targeting these groups. I urge the Department to investigate Chinese and Russian attempts to influence environmental and energy policy in the United States".

Beginning during his time as a Dublin, California city councilman, Eric Swalwell was targeted by a Chinese woman believed to be an undercover officer of China's Ministry of State Security. Swalwell's general relationship with a suspected Chinese agent has been characterized as problematic, particularly given his high-profile role as a member of the House Intelligence Committee. Cheney signed a letter demanding Swalwell's removal from the House Intelligence Committee. She also said, "the extent to which [the Chinese Communist Party] caused [COVID-19] to be spread around the world has really shone a spotlight on the nature of that regime, and has really focused the attention of not just people in the United States but our allies around the world on the threat that they pose and how important it is we protect ourselves by moving supply chains, by ending our dependence on the Chinese government".

During the COVID-19 pandemic in the United States, Cheney voted against the American Rescue Plan Act of 2021 and the COVID-19 Hate Crimes Act, but for the PPP Extension Act.

Voting record

From 2017 to 2021, Cheney voted in line with Trump's position around 93% of the time, supporting him more consistently in House votes than many House Republican members, even his former chief of staff Mark Meadows. In 2019, according to the *New York Times,* Cheney publicly feuded with Rand Paul over who was "Trumpier". According to *The Atlantic*, she was a "loyal Trumpist" and helped build "the party of Trump" at that time.

First and second impeachments of Donald Trump

> The President of the United States summoned this mob, assembled the mob, and lit the flame of this attack. Everything that followed was his doing. None of this would have happened without the President. The President could have immediately and forcefully intervened to stop the violence. He did not. There has never been a greater betrayal by a President of the United States of his office and his oath to the Constitution.
>
> -Liz Cheney

Cheney voted against impeaching Trump on both articles during Trump's first impeachment on December 18, 2019. On January 12, 2021, following the January 6 United States Capitol attack during the certification process for President-elect Joe Biden, Cheney said during Trump's second impeachment that she would vote to impeach Trump for his role in inciting the attack. Cheney said that Trump "lit the flame" of the riot and did nothing to stop it. Saying, "there has never been a greater betrayal by a President of the United States of his office and his oath", she supported impeachment. Nine other Republicans joined her in doing so on January 13. She was then the third-ranking Republican in the House. Jim Jordan (one of 139 House members, and 8 senators, who voted for - or supported - the objections to the Electoral College count) called for her removal from Republican Party leadership. Andy Biggs took offense specifically with the wording of Cheney's remark, saying: "She puts out a statement saying that what this president did is maybe one of the most heinous things in the history of the US presidency. Her words were used over and over again when the Democrats were making their speeches on the floor of the House. And they will be used again when the Senate opens up another bogus trial in the Senate. That is what the problem is."

Former president George W. Bush's spokesman said on January 30 that Bush supported Cheney's actions and intended to call his former vice president, Dick Cheney, to "thank him for his daughter's service". Days later, Senate minority leader Mitch McConnell said, "Liz Cheney is a leader with deep convictions and the courage to act on them. She is an important leader in our party and in our nation. I am grateful for her service and look forward to continuing to work with her on the crucial issues facing our nation". McConnell also condemned Trump supporters' "loony lies". Senator Lindsey Graham said Cheney "is one of the strongest and most reliable conservative voices in the Republican Party. She is a fiscal and social conservative, and no one works harder to ensure that our military is well prepared".

Trump supporters were angered by Cheney's vote to impeach. On February 3, 2021, the House Republican Conference held a closed-door, secret-ballot vote on whether to remove her from her position in the Republican House leadership. She held her position by a 145-61 vote, with one member voting present. After the vote, Cheney said, "we're not going to be divided and that we're not going to be in a situation where people can pick off any member of leadership". On February 6, the Wyoming Republican Party censured Cheney for her vote to impeach Trump. Cheney responded, "My vote to impeach was compelled by the oath I swore to the Constitution. Wyoming citizens know that this oath does not bend or yield to politics or partisanship. I will always fight for Wyoming values and stand up for our Western way of life." She rejected the Wyoming party's demands that she step down and noted the censure incorrectly asserted that the Capitol attack was instigated by antifa and Black Lives Matter.
